Range Camp Slated In Early August For Oregon Youths

Oregon boys, ages 14 through 18, will be eligible to attend a range camp scheduled for Central Oregon the first week in August reports E. R. Jackman, range specialist at Oregon State college. Final location of the camp is yet to be selected.

Four boys from each Eastern Oregon county and Jackson, Josephine, Douglas, Coos and Curry for treatment.

Miss Kay Lee spent two days and nights at the Matteson home visiting Jessie.

Hugh Johnson was seen in town from his sheep herding job Monday morning.

Wave Jackson returned home May 30 from Oakland, Calif. where she visited her brother, Rush Crabtree who is in the hospital there.

Maynard Hamilton is now doing plumbing work at Long Creek. He is home on weekends.

Mrs. Frank Williams had as house guests the past week, her sister and family, Mr. and Mrs. Willard Jennings of Jerome, Idaho.

will be eligible to attend. The boys will be chosen through local or county plant identification contests, and two on the basis of recognized qualities of leadership or good citizenship.

Jackman says instruction at the camp will include such subjects as identification and use of range plants around the camp area; sportsmanship in the woods what to do to keep from getting lost in the woods; camping, hunting and fishing, and equipment for it; how plants grow and what makes them die; use of plants by domestic animals and wildlife; and other subjects interesting to boys who want to know about ranch life.

The Pacific Northwest section of the American Society of Ranch Management will sponsor the camp.

"This is the only section of the Range Society in the United States holding such a camp," John Clouston, section president reported. "The camp seems to wake up the boys, make them curious about plant life around them, and that, of course, means that they will have more interest in such things all the rest of their lives."

Each boy found eligible to attend will receive a \$25 scholar-

ship for transportation, meals and other expenses. The society has named county representatives to assist in raising scholarship money and choosing boys to attend camp.

Jackman is chairman of the camp planning committee. Other committee members are: Joe Oliver, John Day; Larry Wil-

liams, Canyon City; Elgin Corbett, Lakeview; William Currier, Bend; Cliff Windle, Lakeview; Rube Long, Fort Rock; and Don Hedrick, range management, OSC.

Further details will be available later, Jackman said.

for this wide-open beauty

It's the new kind of hardtop—The 4-Door Riviera!

THERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—and no center posts in the side window areas.

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with four doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm . . .

Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is all Buick—with the buoyant ride of Buick's all-coil springing—the walloping might of Buick's record-high V8 power—the whip-quick

getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflo.*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
