You Live Better for Less With Cheap Electricity Serving You!

WHAT'S DOING

D. A. Short, your Telephone Manager for Heppner

"Tool chest on wheels"—part of good telephone service

You've probably seen construction trucks like this around town from time to time. But chances are you've never realized how many different things are packed into them. As you can see, we've included every item that could possibly help our construction crews work more rapidly, safely, and efficiently. And, of course, these men have had the very best training possible. Providing good tools for people who know their jobs is part of the A-to-Z planning behind your telephone and all others here in town... in order to keep your service fast and dependable. Pacific Telephone works to make your telephone a bigger value every day.

It's easy to extend telephone convenience to any part of your home

Just think how handy it would be to have a telephone in each room you use a lot. In the living room, kitchen, and a bedroom, for instance. With an up-to-date arrangement like this, there's always a telephone nearby when you want it. No more running to answer or make a call. Cost? Less than a nickel a day for each additional telephone. And if you like, one or more of your extensions can be in color. Either way, it takes only a couple of minutes to order. Just call our business office.

Give your friends plenty of time to answer

Have you ever had to jump out of the bathtub or shower and dry quickly in order to answer the telephone, only to have it stop ringing just as you got there? Uncompleted calls like this are a real disappointment, not only to you but to the person who called. And people can't always get to the telephone right away. So to help yourself to the best possible telephone service, give your friends a full minute to answer your calls. You'll be surprised how many more you complete. And you can help others complete more calls, too, by answering when your phone rings. Pacific Telephone.

EXAMPLE: It costs only pennies a week to run a modern electric refrigerator

Turn in your icebox or old-style refrigerator on a new, modern one! See your electric appliance dealer.

Safe, convenient storage for every kind of food is automatically yours with a modern electric refrigerator, and for just a few cents a week at Pacific Power's low electric rates.

Big freezer compartment... plenty of ice cubes... moist-cold crisper for vegetables... special storage for foods such as meat and butter... automatic defrosting—these and other new features add up to modern convenience at its very best!

It's further proof of the many ways your low-cost electric service from Pacific Power adds up to the biggest bargain in your family budget!
