WHAT'S DOING

D. A. Short, your Telephone Manager for Hepner

How telephone drivers guard your safety

Protecting your safety and that of your family is a big part of every telephone driver's job. And to prepare our drivers for this responsibility, we give each a special course in what we call defensive driving. This teaches telephone people to drive in such a way as to prevent accidents no matter what others may do. And it really pays off. For example, telephone drivers covered more than 80 million miles last year without a single fatal accident. Naturally, careful driving like this helps make the streets safer for everyone. And by helping us keep skilled people on the job, it enables us to work faster and more efficiently... to bring you good telephone service. Pacific Telephone works to make your telephone a bigger value every day.

How to help people get in touch with you faster

If the telephone number at your house isn't now listed under your name, it easily can be. In fact, everyone in the family—Mom, the youngsters, resident "in-laws", and so on—can have a separate listing. By having your own name in the phone book, you make it easier for people to get in touch with you. It can be the difference between getting or missing important calls. And you can have your own listing at small cost. So why not call us at your telephone business office and talk it over.

CHANGE IS PROGRESS
NEW BILL DATE
—13—

We hope our Hepner, Lexington and Ione customers are not superstitious as 13 is the new billing date for their telephone bills. The change will be effective with the July 21st bills. They will bill exchange service charges from July 21 (the old bill date) to Aug. 13th (the new bill date). All future bills will show the new bill date starting with the Aug. 13th bill.

Under the new arrangement, bills will be going out from our accounting center to our customers in Oregon every other day. This will not only spread the work load so we can service our accounts more economically and efficiently but it also will help the postman.
