The answer to everyday insurance problems\*  
By Turner Van Marter & Bryant

QUESTION: My wife and I don't have enough valuable possessions to justify our buying the all-risk Personal Property Floater insurance some of our friends carry but I'd like to know if there is anything similar with more limited coverage and a lower premium.

ANSWER: There are several insurance policies such as you describe, among them the Personal Articles Floater which protects such things as golf equipment, cameras, jewelry and silver. See a good insurance agent to find out just what form best applies to your situation.

\*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
