### More Vegetables, More Ways

There's no excuse for vegetable monotony at the family table. The wide variety of vegetables, fresh, frozen and canned, plus the myriad of free recipes for preparing them, make happy eating as easy as the proverbial pie.

From now through autumn, fresh vegetables are at their best, in super market cases or at roadside stands. Several varieties of squash make delicious (and inexpensive) main dishes. (Golden-meat acorn squash, bright green zucchini or delicate yellow crookneck summer squash take to tasty ground meat fillings like poultry to celery stuffing.) The recipe below specifies acorn squash, but zucchini or crookneck varieties may be substituted. The latter probably will take less baking time, depending on size and maturity. They should be baked only until just done, not soft or mushy. *Flavor Hints* when preparing squash as a vegetable:

Use Ac'cent along with salt in the cooking water or at serving time. Mash squash with lemon juice, butter or margarine and a touch of cinnamon and sugar, for new flavor interest.

**Foil-Baked Acorn Squash**

3 medium acorn squash	1/2 teaspoon salt
2 tablespoons melted butter	1/4 teaspoon pepper
Salt and pepper	1/2 teaspoon Ac'cent
1/2 teaspoon Ac'cent	Fine poultry seasoning
1 cup finely-cut cooked chicken or pork	1/2 cup fine dry bread crumbs
1/2 cup chopped celery	2 tablespoons melted butter
	Aluminum foil

Cut squash in half; remove seeds; slice off tip ends. Brush squash inside with melted butter; sprinkle with salt, pepper and Ac'cent. Combine remaining ingredients; blend well. Fill squash with mixture; round up top. Cut 4-inch rounds of aluminum foil; brush one side with oil. Place oiled side over filled squash. Cup and shape foil over squash to act as cover. Place in baking dish. Bake in hot oven (400°F.) 40 to 60 minutes depending on size of squash. Makes 6 servings.

Mr. and Mrs. Cable have returned to their home at Sweet Home after spending the summer on Ritter lookout. Ansil Martin will be on duty there during the hunting season. Miss Carolyn Martin took first prize with her angelfood cake and second on her canned apple sauce at the Grant county fair. Monument is like most other towns when the county is having a fair. Most everyone who can goes.

## WHAT'S DOING

D. A. Short, your Telephone Manager for Hepner

### School children visit "Telezonia"

If your youngsters should come home from school some day soon talking about a fabulous land of puppets, here's what it's all about. An entertaining color motion picture called "Adventure in Telezonia" is now available to the elementary schools in this area. The movie is part of a special kit we telephone people have worked out at the request of teachers and with their assistance.

We lend the kit to schools to help children learn how to use the telephone correctly. This is important. For the kind of telephone service you enjoy depends a lot on the way you and others use the phone. So the good telephone habits "Telezonia" is teaching school children will help make telephone service better and more useful for everyone. Pacific Telephone works to make your telephone a bigger value every day.

### Away-to-school days needn't "break up" a family

Maybe there's a young man or woman in your family who's going away to school this fall. If so, you can still stay in close personal touch with each other, you know. For it takes just moments to travel from home to campus, or campus to home, by telephone. And a quick glance at the rates in your telephone book will show you how little it costs. Why not let low-cost long distance make family reunions a frequent event during the school year ahead.

### Good idea to count to 10 so friends will have time to answer your calls

What's more disappointing than to hear your telephone ring a few times, then to find nobody on the line when you get there? Naturally, the caller wouldn't have hung up so soon if he had known his call would be answered. But sometimes we forget that our friends may be "tied up" when we call, and can't answer right away. So it's always a good idea to count 10 rings before hanging up on a call. Those extra few seconds may be just enough to let the other fellow get to the phone. Then neither of you will be disappointed. Of course, it's a big help, too, if you answer as soon as possible. Pacific Telephone.
