Now you know!
The answer to everyday Insurance problems*
By Turner Van Marter & Bryant

QUESTION: It's about time for me to renew my auto insurance. I've been paying an increased rate because our son is only 19 and he sometimes drives our car. Now he's in the service and comes home only now and then. Do I still have to pay the higher rate? My son does drive our car when he is at home.

ANSWER: You pay the lower rate. For insurance rating purposes the National Automobile Underwriter's Association has stated that persons under 25 but in the Armed Services shall not be considered residents of the insured's household unless they are close to home and drive the car regularly.

*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.
