

HEPPNER BOWS TO HILANDERS

Mustangs Meet Stanfield Here Friday Night

By James Monahan

A crowd of over 700 people witnessed the Heppner Mustangs lose their opening home field dedication game 27-13 to a powerful Highlander team from Burns.

Although outscored by two touchdowns, Heppner had the margins in the first downs department with a 13 to 10 lead. In rushing and passing, the Scots gained but a scant three yards more than the Mustangs.

An enthusiastic Heppner crowd saw the Mustang kickoff returned to the Burns 45 by Russel Burns. After a series of line smashes, the Scots were left with third and 7. Russel hit off tackle for the needed seven and from there proceeded down to the Mustang 39. A fumble was the result of a line smash that went for no gain and set the Heppner offense in motion.

Heppner's opening play was a pass that was intercepted by Slater who was downed on the Mustang 40. Then on a select group of pitch-outs and passes, Olsen of Burns went over for the first touchdown of the game. The attempted conversion was low and wide.

Eight plays and an exchange of fumbles with Heppner on the Mustang two yard line gave the Highlanders a 13 to 0 lead in the first minutes of the second stanza.

Heppner took the kickoff and returned it to their own 34. From there Dick Ruhl and Ron McCabe plowed down to the Burns 15. Some exceptionally good faking resulted in Ruhl having a clear field to the endzone. Del Piper's kick was good and Heppner was only six points down.

Ten yards worth of offside penalties on the kickoff put Heppner on their own 35. The kickoff was returned to the Mustang 37. Again in 8 plays the Highlanders were in touchdown territory and a completed conversion gave the Burns team a 20-7 margin at halftime.

Burns' second half kickoff was returned to the Heppner 32 by Ruhl and the Heppner gridders moved the ball to the Burns 45 where the Scots took possession on downs.

Four pass plays, including a 58 yard pass running play, netted Burns their final touchdown of the game. A pass play also gave them their extra point.

The final quarter saw Heppner's offensive attack jake hold as they smashed for a lone TD and came within 12 yards of scoring in the final minutes of the game on a pass play from Skip Ruhl to Vic Groshens.

Standouts in the game were the Mustang backs who received exceptional praise from the Highlander coach. Skip Ruhl, Mustang quarterback, was credited by the Burns coach as being the best faking back he had seen this year. The Heppner backfield men said in return that a majority of the credit for Mustang offense belonged to the hard charging line.

Another home game looms for the Mustang eleven this Friday night as they encounter a strong Stanfield team who have come out victorious over Pilot Rock and who were barely edged out 6-0 by league leader Echo.

This tilt, being a night game, the Mustangs expect an excellent showing of Heppner fans.

Hunting guests of Mr. and Mrs. Harold Evans over the weekend were Mr. and Mrs. Jack Halstead and sons Jack and Jann and Mr. and Mrs. Kurt Carnihan of The Dalles.

Weekend guests of Dr. and Mrs. A. D. McMurdo were Mr. and Mrs. Maurice Smead of Portland. They returned to Portland on Monday and Mrs. McMurdo accompanied them. She will spend several days in Portland.

Moro Nudges Lone 7 to 6 Friday

Moro squeaked out a one point win over the Lone Cards Friday afternoon at Moro after the lone gridders had held the edge all during the first half of the game. The final score was 7 to 6.

The Cardinals kicked off to Moro to open the game and on the second lay the Huskies fumbled with Akers recovering for Lone. The Cards drove straight down the field with Rea plunging over from the 8 yard line for the touchdown. Lone dominated play during the entire first half.

In the third period the Huskies came back much stronger than they had been during the first periods and stopped an lone scoring attempt by intercepting a Card pass. The Huskies made their only score in four plays and followed it with the game-winning extra point.

Rea for the Cards gained a total of 160 yards during the game while the rest of the team could gain a total of only 90 yards.

Condon Blue Devils Defeat Lexington 32-20

The Lexington high football team was host to the Condon Blue Devils Friday in a non-league game.

Condon won 32-20, scoring in every quarter. Shafer scored four times and McIntire once for the Blue Devils. Vern Nolan scored all the Lexington TD's and Jim Laney kicked a PAT.

Next week Lexington travels to Umapine for its second league game.

HOSPITAL NEWS

New arrivals—to Mr. and Mrs. Derril Thomas Wilson, Condon, a 7 lb. 1 oz. girl born Sept. 29, named Kathleen Mae. To Mr. and Mrs. Leonard Raymond Gibbons, Portland, a 5 lb. 1 oz. girl born Oct. 1 named Holly Kay. To Mr. and Mrs. David Peterson Condon, a 7 lb. 3 oz. boy born Oct 5 named Bruce Rodney. To Mr. and Mrs. Roy Knighten, Mayville, a 8 lb. boy born Oct. 6 named Donald Ray.

Medical—Mildred Zemmer, Kinzua, dismissed; Margaret Madsen Heppner; Camilla Carey, Colter, Ore., dismissed; Robert H. Newell, Portland, dismissed; Norma May Newell, Portland, dismissed; Rita Sumner, Heppner, dismissed; Creed Owen, Heppner (deceased); Ruby Howard, Condon; Dale Cooper, Lexington, dismissed; Gregory Johnston, Heppner.

Minor surgery—Rose Nelson, Condon; E. G. Hagen, Santa Rosa, Calif., dismissed; Marjorie Kenny, Heppner, dismissed; Larry Smith, Heppner, dismissed.

Major surgery—Verna Hayes, Lonerock. Out-Patients—Gretchen Barratt, Heppner; John Snyder, Heppner; Etta Huston, Heppner; LaVerne Flynn, Wemme; Aloha De Spain, Lone; Ola Fjelda, Condon; Jim Morris, Heppner; Marie Edwards, Oswego; Barbara Prock, Heppner.

Guests of Mr. and Mrs. Harold Evans for two weeks are her mother, Mrs. Ruth Robinson of Seattle and her sister and brother-in-law Mr. and Mrs. Wesley Hasket of Westport, Wash. They arrived Monday.

Mrs. R. B. Rice left Monday for Kansas City and Warrensburg, Missouri where she has been called by the illness of her sister, Mrs. Madge Long of Warrensburg. She expects to be gone two or three weeks.

Mr. and Mrs. McDon Bonta and family of Cascade Locks, former Heppner residents, were visiting here last week.

Mrs. C. E. Hansen of Burbank, Calif. is visiting her daughter, Mrs. H. A. Sanders, Jr. and grand daughters Karen and Dianne.

Keith Johnson Rites Held in Minnesota

Funeral services for Keith E. Johnson, son of Mr. and Mrs. Ernest Johnson of Renville, Minnesota were held Monday, September 19 at Renville.

Mr. Johnson died at Pioneer Memorial hospital in Heppner from injuries suffered when he fell from a Heppner grain elevator on September 14.

Mr. Johnson was born in Renville August 18, 1920 and lived there during his childhood. He graduated from Renville high school and later worked with his father and brother, Burl, until he entered the armed forces, where he served overseas three years with the medical corps.

He is survived by his wife, a daughter Keitha Ann; his parents; two sisters and two brothers, one of whom lives in Pendleton.

Going to Renville for the services, in addition to Mrs. Johnson, were Don Bennett and Jack Healy both of Heppner.

Interment was at the Fairview cemetery in Renville.

State Shows Profit On Bond Investment

State treasurer Sig Unander was happy today when he announced that the State of Oregon had earned a profit of \$1,350,000 on state highway bonds.

This money, he said, will permit the state highway commission to spend that much more money on highway construction and maintenance than anticipated.

Unander said the profit was realized on the investment of state highway commission funds in short term securities. These securities paid a higher rate of interest in most instances than the interest money the state had to pay on the highway bond issues.

Between October 1, 1951 and September 1, 1953, the state sold a total of \$72 million in highway bonds, authorized by the state legislature. The interest rates on these bonds varied from 1 per cent to 2.25 per cent.

After checking with state highway officials, Unander found that the proceeds from the highway bonds could not be expended immediately with the result that the funds were reinvested in safe securities which the treasurer found paid the highest rate of interest, with the result that a million and a quarter dollar profit was marked up.

Unander said that deputy treasurer Fred Paulus, long in the state treasury service, worked with him in the temporary investment of the highway funds.

THIRTY YEARS AGO

October 8, 1925
The construction of a new lumbering mill on the site of the old Slocum mill on upper Rhea creek will be undertaken at once, according to word given out here this week.

On Saturday afternoon last Mrs. W. O. Dix and Mrs. William Ball delightfully entertained the Eastern Star social club at Masonic Hall. Five tables of bridge were played. Mrs. McMurdo received the first prize and Mrs. Paul Gemmill the second. Mrs. D. H. Ward carrying off the consolation prize.

Paul M. Gemmill, who for the past several years has been connected with the First National bank of this city, last week purchased a half interest in the Cohn Auto Company.

Dave Wilson, LaVerne Van Marter, Pete Shively, Martin Reid, Bernie Gaunt, Jack Terry and Bub Clark composed a party of deer hunters leaving Heppner on Sunday for the vicinity of Ukiah.

Albert Adkins, Earl Hallock and Glenn Jones formed a party of Heppner nymruds seeking the tall timber on Saturday evening.

Hynd Bros. of Sand Hollow were the purchasers of a Chrysler six phaeton this week.

Chemical Removes Weedy, Grasses Found In Lawns, Crops

A chemical that removes both weedy grasses and broadleaf weeds from perennial grass seed crops and lawns has passed Oregon State college research trials and is scheduled soon for public release.

The chemical is a soil sterilant and must be used with extreme caution to avoid danger to desirable grasses report OSC agronomists Norman Goetze and William Furtick.

Most exciting news of the labor saving chemical is its ability to remove velvet grass from stands of bentgrass, alta fescue and Merion bluegrass. The material will be sold under the trade name "Karmex DW." The researchers warn against confusing it with Karmex W, another sterilant that will injure both grass seed crops and lawns.

Four pounds of Karmex DW per acre in 30 gallons of water is recommended for removing velvet grass—a perennial—from bentgrass, alta fescue and Merion bluegrass seed crops. It should be applied in October and at the four-pound rate only after crops are at least one year old.

Two pounds of the chemical are recommended to control annual weedy grasses and broadleaf weeds in the three seed crops plus creeping red fescue. It may be applied to well-established seedlings of alta fescue and merion bluegrass but should not be used on bentgrass and creeping red fescue until stands are a year old.

Special care is specified for spraying velvet grass out of home lawns. The agronomists recommend the two pound per acre rate which is equivalent to 1 1/2 ounces of Karmex DW in a gallon of water for coverage of 1000 square feet of lawn. It is important to get even coverage of the coverage of the lawn, to avoid overlapping spray patterns, and

Oregon's 4-H Club Membership Up 5%; Total Hits 26,537

Membership in 4-H clubs in Oregon has gone up almost 5 percent since last year, according to Burton Hutton, state 4-H leader at Oregon State college. A 1048-member increase pushed enrollment figures up to 26,537 girls and boys in clubs throughout the state.

Girls led boys by 4 to 1 in the membership increase with 862 girls and 186 boys listed as first-year members. This makes a total of 16,691 girls and 9,846 boys in Oregon clubs.

Hutton said more and more organization work for six years or members who have been in or longer are staying active. Older member interest was exhibited last summer by a 109 increase in the number of members 16 years or older who attended 4-H summer school at OSC.

An extension program in junior leadership has been going on since 1954 when 486 4-Hers assisted in local clubs. Today in Oregon, 676 active 4-Hers are helping to organize and plan material with local leaders. A junior leader must be at least 14 years old.

Project work also has increased. A 4-H'er may work on more than one project, which is a work plan that involves different phases of home economics and agriculture. There were 1707 more projects successfully completed last year than during the previous year.

Hutton pointed out that this year's enrollment mark was within a thousand of Oregon's all-time high 4-H enrollment of 27,355 members in 1950.

"We are more interested in steady gains in 4-H enrollment than sudden spurts of membership," Hutton said. Our goal is continued increase in 4-H membership and we are planning leadership training to carry out the program.

Mr. and Mrs. James Wright of Mosos Lake were overnight visitors on Sunday at the home of Mr. Wright's parents, Mr. and Mrs. Whitmer Wright, enroute to Portland.

Mr. and Mrs. Charles O'Donnell have left to reside in Ontario where Mrs. O'Donnell will resume her duties as housekeeper for Fr. Francis McCormack who has recently been transferred to that parish.

WHY

Does 'Northwestern' Have A Larger Run of Good and Choice Quality Cattle Each Week?

The answer is because farmers and ranchers receive from \$1 to \$2 cwt. more for their stock at 'Northwestern' than in any other place or manner of selling.

WHY DO THEY RECEIVE HIGHER PRICES (AT LESS COST) AT 'NORTHWESTERN'?

The answer is because buyers in large numbers from a wide area recognize 'Northwestern' as a dependable source of clean sanitary, well-handled cattle.
