### SCOTTISH AND LEXINGTON COUPLES MEET AFTER PEN PAL FRIENDSHIP

The amazing results of a "pen pal" correspondence between Mrs. Charles C. Jones of Lexington and Mrs. John Hemery of Scotland has snowballed into a new life for the Scottish farm family and a visit with the Lexington family last weekend.

In the exchange of correspondence Mrs. Jones sent copies of the Oregon Farmer containing the story of "Home Below Hell's Canyon" by Grace Jordan. Unknown to her husband, Mrs. Hemery wrote to the farm magazine comparing her and her husband's farming venture on the wet and windy Little Cumbrae Island in the Firth of Clyde. Then she asked, "Do you think that an American farmer would consider taking a middle-aged (my husband is 44) couple from Scotland?"

Mrs. Hemery soon found out that about 50 of them would. As a result the Hemerys are on their way to Santa Barbara, Calif., where they will work with Mr. and the Constans's Stepping C acre alfalfa ranch near there. Before coming to Lexington the Hemerys stopped in Spokane, Wash., to thank the Oregon Farm editors for printing their story and at the Constans's Stepping C and Mad River ranches in the mountains above Wenatchee.

Coming to America with the Hemerys is their vivacious 17-year old daughter, Vanessa. But the most unusual member to migrate is Mayerling Sugarbush, a female boxer carrying the coveted title, "British Boxer Champion", which is earned by beating all comers in the boxer class three times under three different judges.

A book on boxer raising by Mrs. Hemery is due to be published soon. She plans to continue raising pedigreed animals on the California ranch. Two other household pets traveling to California with the Hemerys are "Hemp", a registered Scotch border collie and trials winner and last, but not least, a three-legged cat which they bought for half a crown in London's Petticoat Lane.

The wanderlust has been in the Hemery blood for some time. She was born in Singapore, he in British Guiana, and the daughter in London. A son, Michael, 21, is in British Guiana in South America. Mrs. Hemery is of the Morrison clan and Hemery of the Ross clan.

"The people in Lexington and Morrow county are simply wonderful", the Hemerys exclaimed. "The friendliness of the people in this country is overwhelming." While in Lexington the Hemerys saw their first basketball game which they thought was "jolly nice" and were feted at homes and other gatherings. Which all adds up to the fact that a "pen pal" correspondence can prove pretty exciting.

What would you do with \$4,000?

Start Payroll Savings with \$7.50 today and have over \$4,000 in 1965

What would you do with your \$4,000? Spend it on a home of your own? Your child's college education? Go in business for yourself? All of those things cost money, more money than most of us have now. But there's no reason why any of us can't get the money if we save regularly and invest wisely.

The easiest time to save is now—when you're earning more than ever before. And the surest way to save is through the Payroll Savings Plan. Then your saving is done for you automatically. What an advantage that is! Once you tell your pay office how much you want to save each payday, you can relax and know that everything is being taken care of. Your money goes regularly into United States Series E Savings Bonds, one of the safest, surest investments in the world.

And how your money will grow! Say you sign up for \$7.50 a week through the Payroll Savings Plan where you work. In 5 years you'll have \$2,053. In 9 years and 8 months—\$4,277. And in less than 20 years—\$10,313!

And the earlier you start the less you need to save each month. Let's say you're 45 and you start investing \$37.50 a month in Savings Bonds. At 65 you'll have a retirement fund of \$12,000. Another man is 55 but invests \$75 a month in Bonds. At 65 he will have \$10,000. Both of you will have invested the same \$9,000; but you, the early starter, will have accumulated 20% more money.

So every day you put off saving is costing you money. Take that all-important first step now. Sign up for Payroll Savings where you work—or invest in Bonds regularly where you bank.

Now is the time to save more—and invest more in U. S. Savings Bonds!
