Typing I

The typing I class is progressing very well. All the students are typing longer pages with no mistakes and also they are typing letters now. Mrs. Johnson demonstrated the different methods of letter writing both business and social.

Lots of the students have typed pictures. Some of the pictures were of wooden soldiers, cats, a seal, and the more advanced typist had pictures of George Washington, shaded very nicely by using many different keys.

March of Dimes

On Jan. 20, the lone high school is going to have an assembly to raise money for the March of Dimes. The band will play. The chorus is going to sing. A few of the songs are "Surrey with the Fringe on Top", and "Blue Moon". Lona White and Dalene McDonald are going to sing a duet. Sidney Zinter is going to sing

and play his ukulele. Mr. Hausler is going to play his zither.

Patch Tests

Superintendent, Mr. Newitt announced Thursday, Jan. 19, that the county health nurse would be at lone, Monday, the 23rd, to give all the students, with their parents' consent, patch tests.

Patch tests are taken, by merely putting a medicated strip of adhesive tape somewhere on the body. Putting the tape on Monday, taking it off Wednesday and the results will be taken on Friday.

Mr. Coles, our annual photographer, came and took pictures on Jan. 19. This just about completes the picture taking and there are two more dead lines to meet with the Myers Annual Company.

The annual staff will start selling annuals before long.

School Dance Band

Ione high school has a dance

band that will play after the games and at our dances later on. We hope it turns out good. The band has four players: Judy Howton, Loy Keene, Gay Brenner and Mr. Roy Stephenson.

Home Making

Our homemaking high school class has been learning hospital care, making a bed correctly, making a prop so that a child will not slip down. We learned how to take their temperature. To prop the pillow for your back put a chair up-side down and lean pillows against the chair. This makes a perfect back rest. To make bed table cut a cardboard box in half and cut round holes on each side of the box so you can set it over your lap.

Boys Attend Weed Control Association

Boys from here attended the annual weed control association meeting Wednesday. Wayne Rietmann, Paul Miller, and Dick Sherer were the ones who were able to go.

They discussed the different types and ways to kill them. Bill Brannon and Wayne Bell also attended a livestock meeting at Heppner last Friday.

Why I Like To Live In Ione

I like to live in Ione because it is a small town. In Ione, all of the people know each other, also, all of the students in the school know each other. Ione doesn't have a skating rink, a movie theater, and other such recreational places that larger cities have, but we do have a turf, a tennis court, a swimming pool, and a nice park. We enjoy these things so greatly that we hardly miss the others.

I like Ione because of the small school. In a small school, where there aren't so many students, we

COUNTY CLERK'S SEMI-ANNUAL REPORT JULY 1, 1955 TO JANUARY 1, 1956

GENERAL FUND ACCOUNT	
July 1, 1955 General Fund warrants outstanding	\$ 8,015.41
Total of 437 claims allowed by County Court and warrants issued for above claims	60,590.83
Total paid by Treasurer	\$ 68,606.24
Jan. 1, 1956 General Fund warrants outstanding	\$ 4,619.95
GENERAL ROAD FUND ACCOUNT	
July 1, 1955 General Road warrants outstanding	\$ 7,690.28
Total 362 claims allowed by County Court and warrants issued for above claims	136,455.46
Total paid by Treasurer	\$144,145.76
Jan. 1, 1956 General Road Warrants outstanding	\$ 7,274.12
COUNTY HOSPITAL MAINTENANCE FUND ACCOUNT	
July 1, 1955 Hospital Maintenance fund warrants outstanding	\$ 1,000.00
Total of 1 claim allowed by County Court and warrant issued for above claim	1,000.00
Total paid by Treasurer	\$ 2,000.00
Jan. 1, 1956 Hospital Construction fund warrant outstanding	\$ 146.61
Total paid by Treasurer	\$ 146.61

all get to take part in more things. We are very lucky in having an introduction to home-making.

We are permitted to work on our new trampoline. Several acts have been performed for entertainment already. We have an excellent physical education program including volleyball, basketball, trampolining, swimming, and others.

We have nice sized grade and high school bands. Our high school band as a pep band to back our teams. Mr. Stephenson, our band director has organized grade and high school choruses.

This year, Mr. Peirce, our eighth grade teacher, is directing a model airplane club and a photo-

graphic club, whose members are of the eighth grade, usually meets every Tuesday evening. Mr. Peirce has a lot of photographic equipment with which we are learning to develop negatives and pictures.

There are several 4-H clubs organized in Ione. The main ones are the clothing, cooking, and livestock clubs. I belong to the Rip and Stitch clothing club and have completed four years of sewing. In my last year, I completed a blouse and a dress, which received a blue ribbon at the fair. My entries, after getting a first prize at Heppner were sent to the state fair where they took second prize. For modeling my dress in the dress review, I received a blue ribbon and also was presented with a champion ribbon for my group.

I feel that we are very fortunate in being able to enjoy all of these things. This is why I like Ione.

Karen Rae Lundell

Editorial

Have you noticed the library? Mrs. Johnson, the librarian has done a very good job, in straightening our library. A few of the typing II class have made cards for the books and Leann Padberg, has been putting the books in their right category.

Some of our new books this year are as follows:

"Reckless" (Pride of the Marines) by Andrew Geer. This story is about a horse, that belongs to Lt. Eric Pedersen. In this story there is never a dull moment. "Money To Burn" by Elizabeth Cadell. Money To Burn is a gay, light-hearted story with just the right blend of pleasant people, engaging situations, and enjoyable suspense.

Because our library and study hall are together, we should take more care in how it looks. Let's keep our wrappers and papers off the floor and out of empty desks. Keep our school neat and clean. Put magazines back in the magazine rack as soon as you are through reading them, then they will not get lost so easily. Treat our magazines as if they were regular books, do not mark in them and cut out articles without permission. Keep our books and magazines whole.

There has been quite a conversation about boys and girls who are staying within the rules and regulations in sports. Some think the girls keep the boys out past their curfew, and when they do the boys cannot play ball the next game, although he goes in as a sub.

Also talk is going around about boys drinking and smoking, who are on the basketball team. Say kids, what are we going to do about this?

Sharon Cutsforth, Editor.

LEXINGTON NEWS

(Continued From Page 3)
 a party is being planned on Feb. 14 for the young people of the community. At this time Mrs. Jones asked the church board if they would accept the money made by the Thespians this year, and use it on the new floor the church is planning. The offer was most graciously accepted. Later we heard a most interesting talk from the minister, Rev. Northrup on the immediate plans for the church. The meeting was then closed with a prayer. It was also announced that the members of this community are invited to attend a fellowship dinner and reception on Jan. 29th at the Christian church in Heppner for Rev. Charles Knox and family new pastor of the Christian church in Heppner.

Receipts	\$184.03
Disbursements	\$181.68
Balance on hand	2.35

Respectfully Submitted,
 Joyce Buschke

Now is the time

★ TO SAVE SENSIBLY-

★ AND MAKE PROSPERITY

★ PAY OFF FOR YOU!

TODAY, we people of America are riding high on the greatest, longest ground swell of prosperity this country has ever known. Total national income over \$300,000,000,000.00! Total national product—the value of goods and services produced—\$381,000,000,000.00!

It's wonderful! And it can continue—if we handle this prosperity with common sense. If each of us, as an individual citizen, manages his own financial affairs with care.

One of the most important things to do is to save sensibly—now. Right now, when your earning power is at a peak, put something away for yourself every payday—systematically. The best way is to sign up for U. S. Savings Bonds through the Payroll Savings Plan where you work. This automatically does your saving for you. As little as \$3.75 a week will give you over \$1000.00 cash in just 5 years. Another way is to buy Bonds regularly where you bank. A Bond a month, at \$37.50, in 9 years and

8 months builds to \$4,913.40! Make yourself do it today—you'll thank yourself tomorrow!

Here are three reasons why U. S. Savings Bonds should be an important part of your investment program. They are safe—your principal is never subject to market fluctuation. They're sure—Bonds pay an average of 3% per year, compounded semiannually when held to maturity (9 years and 8 months). And they can go on earning 3% for another 10 years after that. They're liquid—you can always cash them, if you have to, after you've held them for two months.

Treasury Secretary Humphrey said, (on June 24, 1955), "We believe at this time of great prosperity that all of us—Government, business, and individuals alike—should exercise self-restraint in the use of public or private credit and the accumulation of debt." Let's apply his words to our private affairs—and preserve this prosperity for ourselves and our children!

For your prosperity, and America's,

100—invest in U.S. Savings Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and
