night by a score of 75-61. Stanfield took the lead in its opening period 22-16. When the half ended Stanfield was still in front 38-31. In the third period Ione got within 4 points of Stanfield, but couldn't get any closer with the third period end 56-47.

In the fourth period Ione again put on the steam but just could not overcome the Stanfield lead with the game ending 75-61.

Jim Pryse was high for Ione with 18, followed by Kleth Rea with 13 and Ernie Drake with 10. Evans and Sutton lead the scoring for Stanfield with 19 and 17.

Sophomore News
 In English we are studying Julius Caesar, which we find very interesting.

We are also getting ready for the speech festival. The sophomores are reading prose and poetry in class, which must be eight minutes long.

The biology class is now studying fish and vertebrates.

Basketball Schedule Changed
 The basketball schedule was changed with the Irrigon game being changed from the 18th of Feb. to the 16th because of the Elks Annual and the Echo game was changed to the 21st of Feb., instead of the 25th.

Dance Band
 The dance band played for a dance after the Heppner-Ione game.

The admission was 50c per person. The money that was taken in will go for the risers.

Kitchen News
 The cooks would like to take this time to thank the Franz bread man, Melvin Brady, for the donation of 100 lbs. of fruit cake.

Our Education

Our education is to become such that it will not help the pupils to escape work but will help him in his work. It takes just so much work to feed, clothe and satisfy the many needs of mankind. Why should anyone wish his boy or girl to be educated in such a way as to enable him or her to unload and place the work on some less fortunate shoulders? It isn't such an education which we are striving after. We want educated workers and not educated idlers. We want those who are educated to their work; those who are willing to work at the same time make each effort count most towards accomplishing that for which it was intended. In the words of the Oregonian describing a football player: "He weighs only 137 pounds but he uses his weight to the maximum advantage." Habits formed in youth are hard to break away from. Why not form the habit of industry instead of the habit of loafing; then with a mind and body trained to accomplish most with the least effort, how much more the human race would accomplish.

To unite the home and school in behalf of the pupils and to further the creating of habits of industry among the children the advanced rooms of the Ione school are offering school credits for home work. It is to be hoped that the parents will assist the teachers in using this home credit work to the advancement of the pupils.

TEEN AGE STITCHERS

The Teen-Age Stitchers had a meeting the end of January at the home of Jo Ann Turner. We cut out our blouse patterns and are all set to go home and baste our blouse together.

The next meeting will try on our blouses to make sure they fit nicely. Judy Morgan and Jo Ann Turner are making blouses alike. Cookies and Kool-Aid were served by Jo Ann Turner.

LEXINGTON LIVESTOCK CLUB

The February meeting was held at the B. J. Doherty home. Fourteen members were present.

After the business meeting Dennis Doherty read about different breeds of sheep, Karl Beach, pigs and Harold Beach, beef cattle.

A discussion was then held on cross breeding. We then saw a film entitled Saving Little Pigs, which was very interesting and educational.

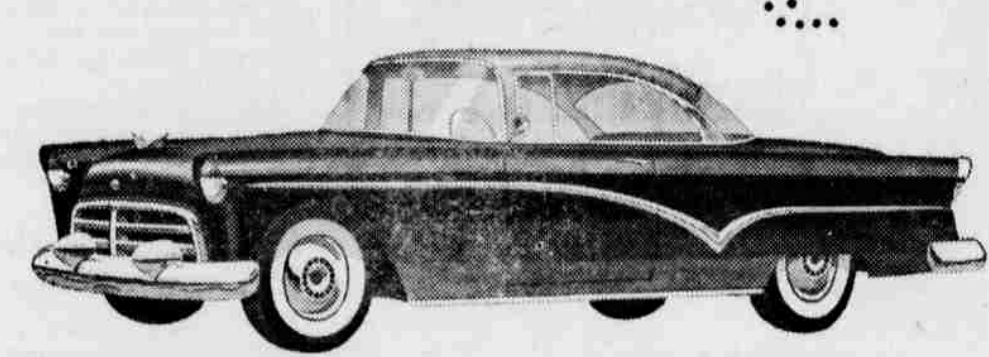

Our next meeting will be on March 4 at the V. F. W. hall in Lexington.

Refreshments were served by Mrs. Doherty.

TWIN CARS... WHY DOES ONE COST \$100,000?!

The \$100,000 car is a hand-built advance model. When the same car is mass produced the price comes down to \$2500. Advertising helps create the wide-spread demand and the millions of sales that make mass production possible.
 Advertising also makes this car a well-known friend, with no hidden secrets. Just from reading the ads you know its size, its horsepower, its quality, its price — where to see it, buy it and get service. From advertising alone you can compare one make with another and virtually decide which offers the most for your money.
 And of course mass production makes more jobs, so advertising helps that way, too.
 It's a fact worth remembering:

ADVERTISING HELPS YOU LIVE BETTER FOR LESS!
