LANE DOG TRACK BOUNCES There will be no greyhound races in Oregon outside Portland for some time—if ever.

Friday Marion County Circuit Judge Val Sloper told Greyhound Park officials they must make a new application to the racing commission who can grant or refuse a license to operate greyhound race meets in or near Eugene. The commission refused their application last year. They were then sued by the applicants who claimed the commission did not have discretionary powers. After the suit was brought the Legislature amended the racing laws. The legislation was backed by Lane County groups.

WATER POLICY MEET As a member of the president's 13-man National Water Resources Advisory Committee Oregon's Attorney General Robert Y. Thornton attended special sessions in Chicago last week, assembled to consider the recent Pelton Dam decision by the U. S. Supreme Court.

Action was postponed on recommendations made by President Eisenhower's Advisory Committee on Water Resources Policy pending further study. The presidential committee was commended, however, for making its investigation and report on conserving and using water resources.

Mr and Mrs. Harold Cohn had as guests over the weekend, Dr. and Mrs. Richard O'Shea of Oswego, former Heppner residents.

Weather Slows Cattle Market

HERMISTON—After a week of healthy action, the weather threw another cool curve at the Hermiston livestock auction Friday, sale manager Delbert Anson said today.

As the snow fell, so did volume. Only 43 consignors braved drifts and icy roads for the sale. Some 124 cattle, 48 hogs and 42 sheep went on the block.

Although volume was extremely low, what stock was available moved out swiftly. Anson said many buyers were unable to fill quotas they had set for themselves. A special fed cattle sale which had been planned for Friday sale was forced into postponement. Anson said buyers want lots of fed and feeder cattle next Friday. He said a special registered cattle sale will be held as planned on March 2.

With low volume, the market followed the usual trends and held steady to stronger. Hogs, which had mirrored reaction in Eastern markets, fell slightly but were still higher than quoted Chicago prices.

The market: CATTLE: Baby calves, 2.50 to 18.00 per head; heifer calves, 14.10 to 15.60 cwt.; stocker steers,

13.40 to 14.80 cwt.; feeder steers, 14.90 to 17.00 cwt.; fat slaughter steers, 15.60 to 16.80 cwt.; fat heifers, 14.60 to 15.40 with a few singles to 15.70 cwt.; dairy cows, 91.00 to 111.60 a head; utility cows, 10.40 to 11.50 cwt.; canner cutter cows, 6.50 to 10.30 cwt.; shells, 5.25 to 7.20 cwt.; bulls, 165.00 to 200 a head.

HOGS: Fat hogs, 11.75 to 12.85 cwt.; sows, 8.00 to 9.00 cwt.

SHEEP: Ewes, all for 19.75 a head; bucks, 10.00 to 16.00 a head.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER. This session of Congress will seriously consider means of providing insurance protection against disasters of nature such as floods, earthquakes, similar catastrophes. In Senate four different bills by Senators Herbert Lehman, John Kennedy, Frank Carlson, and Prescott Bush have been introduced. Each attacks problem in a different way. Powerful impetus to this legislation is C. W. Harder fact year just ended recorded more flood deaths than any year since 1927; more property damage than at any time since 1937 with losses over billion dollars. Need is also focused by work being done by Small Business Administration in making reconstruction loans available to thousands of small business firms that would have otherwise perished from these disasters. SBA was only created about two years ago due to the work of many Congressmen aided by the National Federation of Independent Business. Although SBA was primarily set up to aid small business in securing capital, in past year, and especially this winter, it has proved a life saver by using its emergency disaster powers. However, SBA can only make loans for reconstruction and must be paid back by businessmen suffering disaster through forces of Nature. Splendid as its work is, SBA assistance is no substitute for insurance benefits. And in this problem of disaster National Federation of Independent Business.
