

### Boardman CC Talks Problems of Town Relocation

By Mary Lee Marlow  
A special meeting of the Boardman Commercial club was held on Thursday night of last week at the school cafeteria. A recording was heard of the speech by W. S. Nelson, executive secretary of The Dalles Chamber of Commerce, at Arlington on Feb. 27, regarding the John Day dam. On the basis of this speech a committee of three men, William Garner, Joe Tatone, and R. D. Rands, went to the Corps of Engineers office at Walla Walla, Wash. last week to get answers

to questions regarding relocation of the city and housing, if and when the dam is built. They reported that the engineers cannot give out much information until money for the dam has been appropriated by Congress. A county planning committee is to be appointed by the county court, and the club recommended the following men to the court: William Garner, club president; Joe Tatone, city mayor; Russell Miller, county commissioner; and R. B. Rands, all of Boardman; Jack Flug and Phil Blakney, Heppner
