English III
 The English three class has been studying literature. Right now most of the readings are book reviews. The class has been studying spelling words, their meanings, and pronunciations

to increase our vocabulary. Now that the speech festival is over the students can concentrate more on daily work.

From where I sit ... by Joe Marsh

Information "On The Line"

I was reading the other day how a person can get all sorts of things just by dialing a number on his telephone.

In New York you can get the time, the weather, or a prayer. In Philadelphia it's the stock reports. In Boston a voice tells bird watchers what's to be watched in the park.

Over in Europe, they go further. Vienna offers a five-minute fairy tale for kids. In Switzerland you can get the news in any of three languages. And a couple of places have "talking menus" for desperate housewives.

From where I sit, it doesn't matter if ideas are put out by telephone, through editorials, or in person—as long as we can take them or leave them. I happen to like a glass of beer with my supper. You may prefer coffee, tea or branch water. Well, there's no harm in "listening" to another's opinions ... but if he should try to force them on you, it's always an American's privilege to simply "hang up!"

Joe Marsh

have started. The yearbook will arrive about the first of May.
Jug Band Underway
 Several of the band members have started a jug and bottle band. They played for the fun night sponsored by the P. T. A. March 9.

6th and 7th Grade News
 The seventh grade gave a party for their science teacher, Miss Porfily. A birthday cake and ice cream were served. Her birthday was Feb. 29.

In art class we are finger-painting. Lona White ironed out the paintings.

The seventh grade Social Studies reports required a picture or some object to help explain them. Kenny Smouse made a model of a castle in the middle ages. John Swanson made a few weapons out of toothpicks. Judy Morgan made "Joan of Arc," and Linda Hams with Jo Ann Turner made a monastery.

We had a visit from Wayne Gollyhorn, a former high school graduate of Ione. He told us about his job and answered our questions.

Steak Dinner

Sunday, March 11, Mr. and Mrs. Herman Blettel gave all the fellows from the A and B basketball squads, the manager, and the cheerleaders a steak dinner. It was given in the restaurant at 2 o'clock. We all chipped in on a collection and bought Mr. Pryse shirt. We all want to thank the Blettels for the wonderful dinner and want them to know we really appreciated it and enjoyed it.

Fun Night

March 9, there was a fun night at the gym for the Ione school students, 1st grade through the 12th, and their parents. Every one had to play and all enjoyed the games and refreshments. The 6th, 7th, and 8th grade mothers played the girls in volleyball. Some of the boys wrestled, and some of the girls tumbled and played volleyball.

The play "The Seventh Age" which was the speech festival play, was also given.

The band played a few numbers between the games.

Athletic Banquet

The athletic banquet was March 10, in the cafeteria, and the dance was held in the old gym. The Lexington high school students were invited to the dance because we like to meet and dance with the students of our neighboring school.

The gym was decorated with crepe paper, and the walls were painted with sea life from the theme of the prom last year.

"Gimme a Lot of That"

From the Cooks
 I'll never forget the phrase,
 Tho' I grow old and grey,
 That we hear in the cafeteria,
 Most every single day.

As I madly spoon the food out,
 And each smiling face goes by,
 "Gimme a lot of that",
 Is the universal cry.

It's a satisfying feeling, tho',
 When our day's work is done,
 To know the food is pleasing,
 And the same time—it's been fun.

You just can't help but love them,
 As they file by each day,
 And I thank God I've met each one,
 As they pick up their tray.

They're a smýbol of our future,
 These youths we serve each day,
 And tho' they're a little ram-
 bunctious,
 Would we have them another way?

THE TRAILBLAZERS

The Heppner Trailblazers met at Mrs. C. M. Wagner's March 8. All the members were present. We had two guests, Mrs. Tyson and Mrs. Robinson.

The meeting was opened with a prayer by Judy Trowbridge. Mrs. Robinson showed us how to set the color of our textile paintings. We discussed our goals for the Investiture Service, April 14 and field day later in the spring.

Mrs. Tyson gave the closing prayer.

Sunday we had a very interesting field trip looking for black diamonds. Mrs. Wagner took the club and Mr. and Mrs. Mohr, as guests in her station wagon. We had to leave the car and walk quite a distance before we found a place to dig for the rock. After a good deal of digging we all got some rocks. Everyone wants to go again.

Ione News

Mrs. Lester Goodrich of Husum, Wash., visited her parents, Mr. and Mrs. Dale Ray last week. They all spent the weekend with relatives in Walla Walla.

Mr. and Mrs. Roland Bergstrom and daughters were Portland visitors this week.

Mr. and Mrs. John Eubanks and daughter, Sandra, spent the weekend in Forest Grove where they visited their son, Donald, who is a student at the Pacific University and also attended the Parent's Weekend at the University. Susan Hummel, daughter of Mr. and Mrs. Everett Hummel of Beaverton, returned home with them.

Mrs. Dora Pierrot of Portland is visiting at the home of her son-in-law and daughter, Mr. and Mrs. Franklin Ely.

Mr. and Mrs. Warren Crutcher and son Lee, of Gresham are visiting at the home of her mother, Mrs. Anna Lindstrom and other relatives.

The American Legion Auxiliary Unit met at the home of Mrs. Victor Rietmann Tuesday afternoon March 6. Mrs. John Eubanks, president, appointed Mrs. Rietmann and Mrs. Cleo Drake to assist Mrs. Robert Jepsen, chairman of Girls' State, in interviewing junior girls for Girls' State

at Salem in June. One delegate and an alternate will be selected. The school faculty will assist in this but the final selection will be made by the unit. The girls must meet these qualifications: character, leadership, scholarship, cooperativeness, physical fitness, honesty and courage. The unit made a donation of \$2.50 to the Girl's State film fund and \$2.50 to rehabilitation of veterans in the hospitals. The members plan to make ditty bags. They are urged to bring old nylon hose to the April meeting. These will be sent to Camp White to be made into rugs by the veterans. Ribbon will also be brought to the April meeting for making corsages. Refreshments were served after the meeting by Mrs. Rietmann.

GMC brings you the most impressive improvements of all 1956 trucks

Now we can show you these great new GMC's that are further than ever ahead of all others. Their advances not only clinch power supremacy—but reach into fields still unexplored by other truck-makers.

For example, GMC's Road Shock Damper Suspension*—plus a unique new stabilizer—produces in half-ton models a ride comparable to the finest passenger car.

An optional new fast-ratio cruising axle in light-duty GMC's gives you an overdrive's pace and economy without its cost.

Sharply increased engine displacement in both sixes and V8's gives you a power family unsurpassed in

the light-duty field. Specifically, we offer 14.4% GREATER displacement on 6-cylinder models, 16.2% on V8's than our nearest competitors. And GMC V8's, mind you, match the shortest stroke ratios in the truck industry.

Styling is well into the future—panoramic windshield to sand-tight tail gate. Tubeless tires, of course. And a 12-volt electrical system is standard. These are some of the strides presented in new 1956 Blue Chip trucks we now have on view. The values are even more notable. Come in and get the facts!

*Standard on Suburban; optional at slight extra cost on other 1/2-ton models
