Many At Boardman Stricken By Flu

By Mary Lee Marlow

Many cases of a form of flu have been reported in Boardman the past week, with at least two patients hospitalized. Mrs. Guy Ferguson returned home Monday from the Good Shepherd hospital in Hermiston after being there a week. Sandra Thorpe, nine year old daughter of Mr. and Mrs. Nathan Thorpe, was taken to the hospital Sunday with flu and complications. Ray Anderson, school superintendent, reported that twenty-five per cent of the high school was absent from school Monday, all suffering from the flu, and a good many grade school pupils also. Several of the teachers were ill last week.

Russell Miller and Bob Miller started their planting of early potatoes last week. The cold weather delayed the proceedings about ten days this year.

Members of Greenfield grange held a box social Saturday night at the hall. Hosts were members of the social committee, Mr. and Mrs. Earl Briggs and Mr. and Mrs. Glen Mills. Preceding the social the third and fourth degree was exemplified for Mr. and Mrs. Mills.

Visitors last week at the home of Mr. and Mrs. Ray Brown were Brown's brother and sister-in-law, Mr. and Mrs. Glen Brown, Waitsburg, Wash.

The county extension unit met Tuesday of last week at the home of Mrs. Russell Miller, Miss Beverly Bradshaw, extension agent, Hepner was leader of the meeting, the subject being "Accessories for Clothes." Due to a small attendance election of officers for next year was postponed until the next meeting, which will be April 17 at the home of Mrs. Ralph Skoubo. Subject of this meeting will be "Meat in meals", and leader will be Mrs. Hugh Brown.

The last assembly of the National School Assemblies program for this year will be held in the gymnasium Wednesday, April 4, at 2:45 p. m., at which time the Galati's dance team will be presented. They are former residents of Hermiston.

Standard is exploring 40 countries* to keep America's oil reserves the highest in history

"Swamp buggy" carrying oil geologists into a Louisiana wilderness

SWAMP BUGGIES, snowmobiles — even helicopters — are used by Standard's geologists, who seek petroleum throughout the free world and in 33 U.S. states. Our search never ends. Last year, in the Western Hemisphere alone, Standard invested \$134 million in exploration, drilled 107 test wells. We added nearly three times as much oil to reserves as we brought from the ground. But U.S. consumption rises steadily. It's now over 9 million barrels per day and expected to increase 1/2 within 10 years. So in 1956 we'll again invest many millions in exploration, drill scores of new wells — seeking the oil you'll use tomorrow.

*Includes operations of affiliated companies in Eastern Hemisphere

Progress in the West means

4 1/2 million more cars by 1965

1956 1965

For
work-day service
and
week-end
pleasure too

The rugged 'Jeep' Station Wagon takes you, your tools and equipment to work sites off the road—through mud, sand or snow—with the extra traction of its 4-wheel drive. And for normal highway travel the 'Jeep' Station Wagon shifts instantly into conventional 2-wheel drive.

The 'Jeep' Station Wagon is just as useful around home. Comfortable seats for 6 passengers or space for up to 110 cubic feet of cargo make this rugged 4-wheel drive performer ideal for family use. Great for hunting and fishing too, because it carries you and all your gear right to your favorite field or stream.
