THIS AIRPLANE, now being used by Phil Hitchcock, Republican candidate for the nomination as U. S. Senator, is a familiar sight in Heppner, though since it has been covering the state with its noted passenger, the sign shown has been added. The plane belongs to Hitchcock's brother Maurice, owner of Heppner Pine Mills who normally uses it to commute between his Heppner and White Swan, Washington mills. Phil has been using it to speed him on his campaign for the nomination, while brother Maurice has been using slower methods of transportation during the campaign.

DEMOCRAT FOR CONGRESS

Vote for a Congressman who understands the problems of all little people; The wage earner, Farmer, and monopoly pressed small business man. Send a man to Washington who can distinguish between the facts and the double talk of Economics, Fiscal Affairs, and Taxation. Our income tax "system" is not only not equitable or just but there is little evidence to indicate that it was so intended. This must be corrected by someone with a background in the subject. Consult your voters pamphlet and vote for A. E. (Earl) Glidewell for Congress.
Pd. Adv. A. E. Glidewell, Hermiston.

It's Bigger than Both of 'em

-but its price makes it one of America's 3 best sellers!

It's as simple as this:

Only two cars in all creation outsell Buick. And they are two of the well-known smaller cars.

So maybe it will pay you to ask how come Buick has zoomed to the No. 3 spot with such fast-selling company.

Well, one answer is the beautiful and brawny Buick SPECIAL you see pictured here - and the low price it carries.

It's the biggest bundle of high-powered performance and high-fashion luxury ever offered in Buick's lowest-priced Series.

And that means more people want it and can afford it, because it's priced only a few dollars more than its two smaller-car rivals—even less than some models of those very same cars.

But the big answer comes from a sure fact more folks have discovered: you get more pure automobile for your money in Buick than you get elsewhere.

Here, you get the extra wallop of big new Buick power

raised to a new high—and pouring in smooth whisper from a brand-new 322-cubic-inch V8 engine of true high compression.

Here, you get the matchless buoyancy of Buick's great new ride—the extra-safe feeling of Buick's new handling ease—the extra stretch-out comfort of Buick roominess—the extra solidity and strength of Buick structure—the extra pride and prestige of Buick's new styling and dash.

Here, too—and nowhere else—you can get the silk-smooth performance and flash-fast response of Buick's advanced new Variable Pitch Dynaflo*—the world's only transmission with the gas-saving mileage and switch-pitch action of the modern airplane propeller.

This week—this very day, if you wish—you can sample all these Buick blessings to your heart's content and your pocket's joy. Why not drop in on us and do just that?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
