

MR. AND MRS. ALVIN WADE, of Cheyenne, Wyoming, who recently celebrated their 50th wedding anniversary. They are former residents of Hepner and were married here.

Former Hepner Couple Celebrates 50th Anniversary

Mr. and Mrs. Alvin N. Wade of Cheyenne, Wyoming observed their 50th wedding anniversary May 6 at a reunion and dinner held at the Baptist church in Cheyenne.

Mr. Wade was born in Hepner and he was married to Mabel Crawford here on May 2, 1906. The couple lived in Hepner and Pilot Rock for several years before moving first to Idaho and then to Wyoming where they built the first camp ground and auto park in the Rocky Mountain area. It was built on the site of a camp used by Mr. Wade's father when he crossed the plains in 1869. They still operate the modern cottage and trailer park in Cheyenne.

The couple has three living children, nine grandchildren and two great-grandchildren.

Mrs. Roy Neill of Hepner is a sister of Mrs. Wade and she left last week for Cheyenne to attend the reunion.

Rev. and Mrs. Charles Knox and children left Wednesday noon for Perkins, Oklahoma, to attend the 50th wedding anniversary of his parents, Mr. and Mrs. Ivan Knox held Sunday. They will return May 18.

Mrs. Ferguson Has High Score at Club

Mrs. P. W. Mahoney entertained the Whats Trumps club Wednesday afternoon with a dessert-bridge.

Those present were Mesdames Bradley Fancher, W. O. George, Claude Graham, Robert Penland, E. K. Schaffitz, James Thomson, Leonard Schwarz, Gene Hall, William Labhart, L. D. Tibbles, Raymond Ferguson, Wallace Wolff and Gene Ferguson.

Mrs. Raymond Ferguson held high score; Mrs. Wolf, second; Mrs. Tibbles, third; and Mrs. Fancher, low.

Past Matrons Club Meets Monday

The Past Matrons club of the Order of the Eastern Star met on Monday April 30 at the home of Mrs. Frank Davidson.

The main topic of business was the project for the year and it was decided to supply some needed articles for the Masonic and Eastern Star home at Forest Grove.

After the business meeting cards were enjoyed with Mrs. Frank Wilkinson having high score in bridge and Mrs. Harold Becket high in chinese checkers. Refreshments were served at the close of the meeting.

The Thunderbird's own record-setting 312 cubic inch engine can now be yours in most Ford models.

Ford goes First...with the 225-h.p. V-8

Now you can have a 225-h.p. engine with Fordomatic Drive for less than the top engine in any other low-priced car with ordinary standard transmission!

Until you slip behind the wheel and sample the sizzle of a 225-h.p. Ford V-8 for yourself, the best thrills in motoring are still ahead of you. For this mighty engine delivers performance that will set your spine atingle... performance that will recapture again the fun of driving... performance that keeps Ford the world's largest-selling V-8!

Truly Ford goes first with this 312 cubic inch engine—largest ever offered in a low-priced car. Yet, even teamed with Fordomatic, it costs less than top engines in other low-priced cars with just standard transmission!

Ford goes first with Lifeguard De-

sign, too. For example, there's the deep-center structure of the steering wheel that helps to protect your chest in case of accident... double-grip door latches to reduce chance of doors opening under impact.

As for looks, every '56 Ford took its styling inspiration from the Thunderbird. They're the most glamorous cars in Ford's field.

In economy, too, Ford goes first. In the 1956 Mobilgas Economy Run, a Ford V-8 beat everything in its class—including Sixes as well as Eights. Come in now for a thrilling Test Drive. When you return you'll understand why Ford is the V-8 with the biggest following.

In Performance... Safety... Economy

PURE OIL MANUFACTURER'S AWARD for best all-around performance at NASCAR's Daytona races

MOTOR TREND AWARD for year's greatest car advance, Lifeguard Design

MOBILGAS ECONOMY AWARD for top gas economy per pound of Ford's class

FORD goes first

Now! An air-conditioned Ford costs less than many medium-priced cars! Try one today!

GRAIN GROWERS CUT COSTS WITH "NO-LIFT-NO-LUG" NITROGEN SERVICE

it soaks in
it stays put
it pays off!

OUR MECHANIZED FIELDSIDE SERVICE saves you manpower and equipment time on storage, handling, hauling and applicator loading.

MECHANIZED REFILL cuts applicator loading time and labor 70-80 percent. High-speed transfer pumps do the work faster, better.

Why are grain growers in a major swing to Brea Aqua Ammonia from non-solution types of nitrogen? (Rate of change-over 26 to 1 in some areas.)

The big answer is big yields and better profits! And better profits result because Brea Aqua handles faster and easier above ground... then out-performs other nitrogen carriers below ground. (Up to 20-30 percent in official production tests.)

Our fieldside handling, loading and drill application are fully mechanized. Application tanks are refilled with high-speed transfer pumps which cuts loading time. One man keeps a rig rolling and covers more acreage, more quickly, because this liquid fertilizer permits faster ground speeds with less draw-bar pull.

Brea Aqua provides the long-sought answer to ideal drill application. It soaks nitrogen into the soil and gets young grain off to a healthy start. Brea Aqua stores exceptionally well in the soil too, and feeds nitrogen to growing grain continuously, over a long period.

Talk to us about combining soil preparation with fall injection for even greater savings of time and money. Let us give you proof that "no lift, no lug" fertilizing with Brea Aqua Ammonia means bigger grain profits.

Just call us and we'll come out and show you how Brea Aqua solutions can make more money for you.
