These candidates can file either by petition or by nomination by an assembly of 250 voters.

EXPRESSWAYS OUT Better say "freeway" now. The Oregon state highway commission has decided to discontinue the use of the word "expressway" as four-lane roads with limited access and no cross traffic should have an individual descriptive name and "freeway" is a fitting name according to W. C. Williams, who becomes Oregon's highway engineer Aug. 16, succeeding R. H. Baldock who resigned to head a two-year highway advisory mission to Iraq under an agreement between that country and the United States.

Baldock's appointment to the Iraq mission gave him an international accolade. Developments by Baldock which have been widely adopted include: a process for oiling macadam roads, theory of design and location routes, which open a "new era" such as the new Columbia river highway in road building.

Small Eggs Best Buy At Present Prices

If you want to trim family food costs, buying small eggs instead of large is a good way to do it now, according to Charles Fischer, poultry marketing specialist at Oregon State college.

At current prices, small eggs are better buys than large eggs Fischer says. Cost of serving three small eggs is less than the cost of two large eggs, and you get more egg for your money, he explains. Two large eggs weigh

4 ounces while 3 small ones weigh 4 1/4 ounces.

Fischer offers this rule of thumb for egg purchases, with large eggs selling at around 60 cents a dozen, small eggs are better buys when the price difference between the two sizes is more than 15 cents a dozen.

If you want to keep tab on what size eggs are best buys, copies of the "Egg Buyer's Guide" are available on request from the county extension offices.
