## Ullman Visits Fair; Speaks at Demo Meet

Al Ullman, Democratic candidate for Congress, spent Wednesday afternoon and evening in Heppner attending the Morrow county fair. Ullman was accompanied by his wife, Anita.

After making a tour of the fair, Ullman commented, "Mrs. Ullman and I enjoyed the fine exhibits that have taken so much time and effort to put together. We also want to compliment the boys and girls for the excellent showing of livestock."

Wednesday evening Ullman met with a group of supporters at the home of Newt O'Harra in Lexington. Speaking to the group Ullman presented strongly worded and well documented statements on the Clark Hill contract case in Georgia.

Ullman also criticized his opponent's stand on the aid-to-education bill. "This bill was backed by all leading parent and teacher groups to meet the desperate need for school facilities throughout the nation. It provided for aid but maintained local control," Ullman said.

"Yet Mr. Coon not only voted against it, but he first joined with 96 other Republican Congressmen in getting the Powell amendment passed, alienating the southern vote and insuring defeat of the bill. All 97 then voted against the bill," Ullman said.

Ullman challenged his opponent to explain this action to the voters of the second district. "How else are we going to meet this critical need?" he asked. "We have gone as far as we can burdening the local property owners with school taxes."

Carolyn McDaniel, daughter of Mr. and Mrs. Carl McDaniel left Tuesday evening for Glen Burnie, Maryland where she will attend high school this year. She will stay with her aunt and uncle, Mr. and Mrs. Marvin Jones.

## Drivers Reminded School Bus "Stop" Law Now in Effect

A fleet of more than 1,800 school buses is now being readied to transport Oregon school children when classes resume next month.

Number of school buses in service has increased more than 45 percent since 1949, when the state first started inspecting the vehicles.

State safety officials reminded today that the school bus stop law will be back in full effect when the buses take to the road again.

Safety men said the summer-long absence of school buses from school service causes some drivers to forget about the stop law each fall.

Driver adherence to the law is further confused because the big yellow vehicles are sometimes used during the summer to transport farm workers and motorists do not have to stop when buses are not hauling school children. When school resumes, however, drivers must stop. The law requires them to remain stopped whenever children are leaving a school bus or crossing the road. This applies in all areas, rural and urban, with one exception. On a four-lane road, drivers approaching a stopped bus from the opposite direction may proceed "with caution."

Ring, who runs one of the best string of rodeo stock in the country, has been supplying stock for shows since 1949.

Music for the Saturday afternoon and Sunday shows will be furnished by county high school bands.

## Model Horses Make Attractive Display

A rodeo theme window display which has created considerable interest in Heppner is the model horse display in the Heppner Auto Parts window. Another attractive window in keeping with the fair and rodeo theme was also prepared by Humphreys Drug Co.

The change was effective with meter readings on and after August 22, following approval by state regulatory authorities. Elimination of the demand feature simplifies the company's residential rate and will result in approximately \$70,000 annual savings to large-use customers formerly billed on a demand basis, it was stated.

You can tell them to call home collect, too. You'll be surprised to find how low long distance rates really are, especially after 6 o'clock on weekdays and all day Sundays.
