Heppner High School SCOOP

By Judie Spaulding

Announcement of committees for the school year was the main business of the October 24 meeting of the local O. E. A. The executive committee directing the work of this organization for the current year includes Marion Huggett, chairman; Clarence Johnson, Mrs. Kathryn Hoskins, Miss Marguerite Glavey, and Gordon Pratt.

Representatives from Oregon Technical Institute and Oregon State schools will be at the Heppner high school Monday, October 1. These representatives will address the entire student body at an assembly in the gymnasium to acquaint all students with the facts regarding the schools of higher education. Entrance requirements, costs, and college curriculum will be discussed. Parents are urged to attend in order that they may, too, may be better informed about these schools. Following the assembly seniors will meet with representatives to discuss the college curriculum.

If you have always been curious about these tricks of magic, plan to attend the Mystery and Magic show which will be held in the high school gymnasium on Friday and Saturday, September 28 and 29 at 8 p. m. Sponsored by the local P-T-A. The profits from these performances will go to the P-T-A budget and the scholarship fund.

Mrs. Stewart and Mrs. Kathryn Hager traveled to McNary dam government village Tuesday, September 25, to secure supplies and equipment for the new school cafeteria.

The Heppner vocational agriculture advisory council has held two meetings. This group is helping the school select phases of the vocational agriculture program which need to be stressed.

Monument News

By Martha Matteson

At last the town of Monument is getting oiled steets, starting this week.

Lots of work going on now, lots of work at the Columbia Power Co-op Association.

J. J. Simas of La Grande was here and spent a week visiting at Long Creek, Monument and John Day, seeing most of his old friends. John and his wife Laura used to run the store here many years ago.

Bert Howard who ran the store

As a result of this organization work a class of adult education in soil is being organized. The members of the advisory council are Barton Clark, Paul Webb, Frank Anderson, Dick Wilkinson, Paul Brown, and Howard Cleveland.

and post office at Kimberly for were in town Monday and Tuesday from their home in Dayville.

Mr. and Mrs. Henry Martin were in John Day on the 15th on business.

Mr. and Mrs. Tony Hutchinson left Friday morning for Pendleton where they took a plane for Twin Falls, Idaho. They returned home Sunday evening.

From where I sit... by Joe Marsh

Changed Her Whole "Point of View"

Some local high school teachers spent the summer taking courses at the State University. They learned a lot, but one of them—Miss Williams—got homesick.

"To save expenses," she reports, "we chose a hotel that was clean but grim. When I found my window looked out on a coal yard—my heart just sank!"

But, when Miss Williams noticed a pot of geraniums on the window sill—and a note saying "Look at these instead. (signed) 'ast Occupant'"—she decided to look it out. She kept those flowers

watered and tended to make things that much easier on the next occupant.

From where I sit, it's often hard to adapt to new surroundings—just as new customs often seem strange to us at first. For instance, if you've always had tea with your meals you might find it odd that I prefer a glass of beer. It's OK to prefer what's familiar to you... but also keep an open mind on what's not.

Joe Marsh
