and installing a remote control system for the control of the upper well from the lower well of the city water system.

Said remote control system is to include automatic "on" and "off" control with a safety device to stop motor in case of loss of water or loss of water pressure, also an indicating device to show operator that pump is running.

A complete description of the type of remote system desired as well as full information on distance, etc. is available at the office of the City Recorder of the city of Heppner. It is also required that the system be guaranteed for one year.

All bids must be in the possession of the undersigned Recorder of the City of Heppner not later than 8 o'clock p. m. on the first day of October 1956, and the council reserves the right to reject any or all bids.
