Congressman SAM COON

Says:

"Less federal spending means lower taxes. Therefore, we must continue to work for more economy in government. Our administration cut over \$13 billion from the last Truman budget. It will save over \$532 million each year through the adoption of Hoover Commission recommendations. Such economy has made possible a balanced budget the last two years. I will always work for thrift and efficiency in our government. Hard-earned tax dollars must not be wasted."

I will back EISENHOWER'S PROGRAM FOR PEACE...

"The people of Oregon want peace. My election will remove from the Senate the greatest obstructionist to the President's program. I sat with the President in cabinet meetings that helped develop that program. . . I believe in it. . . I believe it will keep the peace. And I will work day and night for it because as a veteran I know what it means to the mothers and fathers of Oregon and to their families."
