Building for Better Living—Electrically

More and more families in Pacific Powerland prefer electric living—it's clean, convenient and economical. To keep pace with the modern trend to "all-electric", PP&L will spend \$157,000,000 for construction in the next five years.

Enjoy easy-chair washdays!
 With a Modern, Automatic Electric Clothes Dryer

You've never had it so easy on washday!
 Just select the drying temperature, turn a dial and let electricity do the rest—it's that simple with a new automatic electric dryer. And best of all, you've never seen a cleaner, whiter wash. Gets rid of washday weather-worries, too. Your wash will dry anytime—and in minutes—when you dry it the modern automatic way with a new electric dryer.

You're buying modern living when you buy an automatic electric clothes dryer. Installation is simple and the first cost is surprisingly low. And with dependable, economical electric service from Pacific Power, the operating cost is really a bargain.

TIME-TO-REWIRE — Remember, if you're a PP&L customer, Pacific Power will finance any additional wiring your home needs. Nothing down, as little as three dollars a month, along with your low monthly electric bill.
