OREGON NEEDS

AN

Effective Senator

YOU CAN COUNT ON

Doug McKay

Doug McKay says what he thinks . . . believes what he says . . . and does what he says he will do.

During 25 years of devoted public service, he has kept the same ideals and the same convictions of the need for sincerity, forth-rightness and faithfulness in public administration.

He has done the jobs the people of Oregon wanted done . . . the way they wanted them done. He does not ask "independence" to vote pet political theories that change from year to year.

His pledge is to faithfully represent the people of Oregon - what they think . . . what they believe is best for Oregon and for our country. And no man in political life knows the people of Oregon better or has served them longer in so many responsibilities.

His devotion to Oregon was again demonstrated when he gave up the honor and prestige of the President's cabinet to battle for Oregon's lost influence and respect in the United States Senate.

it's everyone's privilege...
