**GOVERNOR  
ELMO SMITH  
gives active  
leadership**

*for example*  
**LIQUOR CLEANUP**—One of Governor Smith's first acts was reorganization of the Liquor Control Commission with instructions that it must deserve the complete confidence of the people . . . and stop sale of liquor to minors.

**HIGHWAYS**—No governor has been better informed on highway problems. Oregon's 72 million dollar highway program was developed under his senate leadership. His leadership in highway development is nationally recognized.

**THE AGING**—While insisting that Old Age Assistance payments recognize higher living and medical costs, Governor Smith has given equal emphasis to programs that will utilize the skills and experience of our older people and furnish recreation they can enjoy. He has recommended a permanent state committee to formulate such programs.

Who says dream cars never come true?

**Dynamite  
from Detroit**

Coming! America's first production dream car—  
it will influence the shape of cars for years to come.

The old Detroit rule was to introduce new features gradually, to make little changes each year. Sometimes a new grille, an engine improvement, or new colors and trim.

We broke that rule. In fact, we broke all the rules. This is dynamite!

For you are not the only one who has dreamed of a totally modern car, a car that has everything you find at automobile shows, in illustrations, and in custom-built experimental cars.

Detroit has had that dream, too. And that's why the 1957 Mercury is the car that has honestly excited the most car-jaded, the most sophisticated of Detroit's automotive experts.

When you see the new 1957 Mercury, you'll see America's first full-production dream car—a car that

will influence the shape of cars for years to come.

You'll see a dream car you can own and drive—a car that has far more than startling years-ahead beauty.

THE BIG M for '57 boasts dream-car features never before found outside a designer's dreambook: a Keyboard Control that makes ordinary push-button driving old-fashioned; an exclusive Floating Ride with a revolutionary new cushioning action you have to feel to believe. There are Mercury "firsts" everywhere you look. A Power-Booster Engine Fan in the Montclair series that saves horsepower other cars waste. And many more Mercury exclusives.

You'll see THE BIG M—the new Mercury for 1957—soon. You'll see it. You'll drive it. The first dream car that can be yours. The dynamite is on its way from Detroit to your dealer's—now!
