

### New Dream Car Styling for Buick

The classic design of Buick's new dream car styling for 1957 is exemplified in the Super four-door hardtop with its low silhouette and racy lines. Powered by a 300-horsepower V-8 engine, with 10-to-1 compression ratio, the Super is one of the most agile cars on the highway. Bigger panoramic windshields, roomier bodies and a completely new chassis are featured on all new Buicks. Buick's variable pitch Dynaflo transmission and power steering are standard on the Super.

### Boardman UNICEF Drive Nets \$25

By Mary Lee Marlow

## A tip from "the toe" - Lou Groza

While Groza is still very much in the football present, he's already well along with his plans for gridiron retirement. And, according to Lou,

\$10,000. Both of you will have invested the same amount—\$9,000; but you, the early starter, will have accumulated 20% more money.

"One of the easiest ways I know of to save for retirement is to put part of every pay check into U. S. Savings Bonds."

Every day you put off saving is costing you money. So take a tip from the old dependable scorer, Lou Groza, and start scoring where it will count the most—with a regular retirement investment program in U. S. Savings Bonds. Sign up for Payroll Savings where you work. Or invest in Bonds regularly where you bank.

With a little planning and saving, retirement can be a real reward for your work. And the sooner you get going with these plans, the less you'll need to save each month.

Let's say you're now 45 and start investing \$37.50 a month in U. S. Series E Savings Bonds. At 65 you'll have a retirement fund of \$12,000. Another man is now 55, but he invests \$75 a month in Bonds. At 65 he'll have

Part of every American's savings belongs in U. S. SAVINGS BONDS

The educated toe of the Cleveland Browns' big tackle has been filling sports pages and record books for the last 10 years. By the end of the 1955-56 season, Groza's strong right foot had scored a total of 764 points, kicked 393 out of 403 points after touchdowns, and booted more field goals (92) than any other grid star in history.
