 Mr. and Mrs. Lyle Tannehill and family, Eugene, were Thanks-

Why not GO BIG TIME?

Tired of going steady with the low-priced three? Well, right here is the car that will let you break the habit and start you keeping company with the finest! See how a long 122-inch wheelbase . . . advanced new suspension ideas . . . the solid stance of a heavyweight . . . are teamed together to give you another Pontiac "first"—the Level-Line Ride. And feel the deep-chested power of the Chieftain's 347-cubic-inch, 10-to-1-compression-ratio Strato-Streak V-8, successor to the record holder that broke over 50,000 stock car marks and led all eights in miles per gallon. Then consider that all this comes to you proved as no other car in history . . . by 100,000 miles of grueling road tests! And yet, the Chieftain actually costs less than many models of the low-priced cars.

Why not go big time? There's absolutely nothing in the way!

Chieftain Pontiac
