

# Jamboree to Open County Hoop Play

Heppner, Lexington, Ione and Boardman basketball squads will get their first taste of competition Monday evening when they meet Echo, Stanfield, Irrigon and Umatilla in the opening jamboree at the Umatilla gym.

The jamboree originally was set for Saturday, but because Stanfield's football squad is playing in the state playoffs at Corvallis that day, it was set over to Monday.

Heppner's coach Larry Downen said his Mustangs will meet Echo in the first game of the evening which is to start at 7 p. m. Ione plays Stanfield in the second round.

Downen has been drilling his 23 squad members for the past two weeks and said today that he expects to start Ed Groshens and Dick Applegate at guards, Duane Alderman and Dean Connor at forwards and Dick Ruhl at the center spot. Jerry Dougherty, Vic Groshens and Jim Morris are also expected to see plenty of action.

The Mustangs will open their

regular season play of 22 games on Dec. 8 when they meet St. Joseph on the Pendleton floor. Their first home game will be Dec. 11 against Ione.

Of the 23 now turning out for practice, Downen has only seven who are lettermen. They are Louis Sayers, Jerry Dougherty, Dean Connor and Vic Groshens, seniors; Jim Morris, junior; and Duane Alderman and Dick Ruhl, sophomores.

The boys are looking sharp in late practice and Downen says the squad is shooting for a better mark than their last year's record of 11 wins and 4 losses in league play.

### Shopping Can Be Fun

(Continued from Page 1) this county enjoys each year from agriculture and the many thousands more from lumbering. But we could still have a ghost town if all that wonderful income were carted off to Faraway City to buy radios, and carpets and flour and dresses and peanuts and what have you. It wouldn't give us well stocked department stores and clothing stores and garages and furniture stores and drug stores and what have you. It wouldn't pay taxes here to build parks and schools here. It wouldn't support churches and swimming pools or build better county roads here.

You think we made all that up about that woman?

We didn't. She may be a composite of several people of all sexes, but we didn't make it up. It happens all the time—people being people.

The discouraging thing about it is that these folks make those long trips to take their shopping away from Heppner, they go through those frustrations and get mad about it... then they turn right around and do it again!

(Our thanks to the Lakeview Examiner for the idea behind this article, and also our apologies for changing a few words here and there—Ed.)
