Tangerines Zip Into Tasty Salads

The little kid-glove fruit from Florida, tangerines, are so easy to peel that you'll find they make wonderful first courses or desserts. Citrus fruits, they are excellent sources of vitamin C, and as such should be used frequently during the short winter months when they're available—usually till the end of February. Tangerines are ideal for inclusion in lunch boxes, and they're so easy to section that the fruit can be added with a minimum of trouble to fruit cups and salads in combination with other seasonal foods.

Here's how to make the fruit cups shown here:

Tangerine Dessert Cups
6 Florida tangerines 2 tablespoons sugar, optional
1 Florida grapefruit 6 pitted dates, cut

Cut tangerine peel into 8 sections; peel about 2/3 of the way. Carefully remove tangerine sections from tangerine "cup". Cut sections in half with scissors. Section grapefruit, and cut sections with a seissors into thirds. Combine with tangerine sections; sprinkle with sugar if desired. Arrange fruit in tangerine "cups", top with date pieces.

YIELD: 6 servings.

Tangerine Slaw
3 Florida tangerines 1/2 teaspoon salt
4 cups shredded cabbage 1/2 teaspoon dry mustard
2 tablespoons chopped green pepper 2 tablespoons vinegar
1/2 teaspoon celery seed 1/2 cup mayonnaise

Peel tangerines; remove white membrane. Cut sections in thirds; combine with cabbage and chopped pepper. Add celery seed, salt, mustard, and vinegar to mayonnaise; blend. Pour dressing over salad and toss well.

YIELD: 6 servings.

MARK HATFIELD SWORN IN
One of the largest gatherings Oregon's Capitol has had for decades saw Mark Hatfield take the oath of office as secretary of state at 1:45 p. m. Monday.

Justice William McAllister gave the oath in the office of the secretary of state after a scriptural reading by Rev. Joseph Harder from a Bible that was presented to young Mark Hatfield by his father and mother when he went to war and was used by him while acting chaplain aboard U. S. Whitesides during the operations in Iwo Jima and Okinawa.

After the ceremonies the assembled friends attended an announced open house party that was attended by a steady line of well wishers until long after the announced hours of 2 to 3 p. m.

EGYPT'S STORY FIRSTHAND
Egypt's fight for independence much the same as that of America nearly 200 years ago and the Egyptian people stand behind Nasser's leadership nearly 100 per cent because it has been sincere, honest and without personal interest. Mrs. Magudi K. Mahoud said in an interview in Salem this week. She is a headmistress of Maghagda school for girls in Cairo, and is in Salem for a month under the 1956 International Teachers Educational Program sponsored by the U. S.

"We contributed much to the building of the Suez canal but never received benefits until Nasser nationalized the canal," she says.

"Communism is not a danger in Egypt because it is so fundamentally against our religion," the dark-haired petite Egyptian schoolteacher said in her excellent English couched in a soft, strong voice.

"I am impressed with American hospitality. I have learned that America has such a rich heart that oceans separating us mean nothing."

AN HORIATO ALGER SKIT
It might have been Mortimer Snirod who said, "You can get so close to some things that you can't see them."

The Oregon Supreme Court, the Legislature and the Governor were in this position two years ago when the August court asked the Legislature to enact a law allowing them to appoint Circuit Court judges as temporary Supreme Court Justices. The weary justices wanted help in whittling down a backlog of unfinished cases. The court prepared a bill

which was passed by the legislature and signed by the governor. When it became law and the high court named the first circuit court judges as justices a little-known young lawyer in Portland challenged the constitutionality of the new law and asked the high court to reverse itself which it did.

The case attracted state-wide attention and national circumspection in judicial ranks. The young attorney, was the Randall B. Kester, 40, who was sworn in last week as a member of the Oregon Supreme Court. Probably he is the youngest person who has been Justice of the OSC.

ACCENT ON YOUTH
When Governor-elect Robert D. Holmes and Secretary of State Mark Hatfield take office Oregon will have the youngest State Board of Control in the country.

The governor will be 47, Hatfield 34 and State Treasurer Sig Unander 43, with an average of

43 years. Pat Dooley who will be Speaker of the House is only 37.

HELTZEL RESIGNS
Public Utilities Commissioner Charles H. Heltzel sent a letter of resignation to Governor-elect Robert D. Holmes Monday saying, "I feel that you and the public, particularly you as governor-elect should have time to arrange an orderly transfer of responsibilities."

"It has been my desire and intention for some time to return to my law firm in Salem with my brother, John A. Heltzel."

Fred M. Shideler who has headed the information department in the governor's office since the death of Gov. Patterson leaves the position this week to return to Oregon State College where he has headed the department of information for several years. He has been connected with OSC for the past 26 years in official capacities.

Top Click of the New Car Season

Want to get your New Year off to a rollicking start?

Want to take the wheel of the car that's winning raves from Coast to Coast and back again?

Then take the wheel of a 1957 Buick and try the sparkling-est new performance team in all autodom.

We mean the team with the highest-powered V8 engine ever to ginger a Buick — and an advanced new Variable Pitch Dynaflo.*

Here, with just a judicious touch of foot to treadle, you get response so obediently instant, so liquid smooth, and so full range in "Drive"—that you've never in your life felt anything like it.

SAFETY REMINDER
In fast-moving traffic on turnpikes, parkways and freeways, keep a good distance from the car in front—and a little more for good measure. That way you, and every driver behind you, get a bigger margin of safety for braking action.
PASS IT ALONG

It's sports-car going in a full-sized traveler that's sheer delight from start to finish.

Know what else?

Folks like the way this new kind of performance comes dressed in sleek and glamorous styling that's fresher than tomorrow's news.

They like the new roominess inside these low-sweep Buicks and the new luxury of their "nested" ride.

They like the new ease of handling, the new steadiness of cornering, the way stops are always on the level no matter how quickly you use the brakes.

Fact is, folks like everything about the newest Buick yet—the car that's fast becoming the biggest hit of the new car year—and you will, too. Come on in and try it this week. We'll have the red carpet out for you.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
