

Lexington P-TA Sees Style Revue

By Delpha Jones

The Lexington P-TA held its regular meeting at the school auditorium on Tuesday night with the president Mrs. Barbara Cutsforth presiding. A committee was appointed to start the work on the "Sweetheart Ball" which is held in the late spring. The program was a style review given by the homeliving class of the high school with the following girls modeling, the things they had finished: Maureen Groves modeled a turquoise and black corduroy skirt and her cheer leading outfit; Barbara Steagall modeled a wool plaid jacket and skirt, a beige skirt of suiting material, and the clothes that Karen Crowell of Ione, niece of Barbara modeled which were wool plaid skirt and weskit; Pat Steagall modeled a unlined cotton coat, black cotton party dress, plaid skirt, and a 16 gore wool skirt; also Karen Crowell modeled a corduroy skirt made by Pat, Beverly Baker modeled a matching plaid wool skirt and weskit, grey wool skirt and was given honorable mention of a western shirt she had made. Another member of the class was unable to be present, and special mention was given Inez O'Neal for a grey pumper and checked skirt of suiting material.

Monday night the Lexington high school met Stanfield high school girls in a basketball game. The game proved to be highly entertaining and the girls had a fine time, even if they did lose the game. This is the first girls basketball game played by these girls, and the first held here in

some time. The Lexington Oil Co-op took delivery on Tuesday in Portland of a new Ford gas delivery truck. This has a 1250 gallon capacity and is a double pumper.

A play day was held in Helix on Saturday for girls volleyball teams with Lexington girls being taken over in the bus by Mrs. Eldon Padberg. They drew numbers and played mixed games of baseball, volleyball, ping-pong and bowling. A delicious dinner was served them at noon.

Mrs. Nola Coval is confined to her home with illness. Mrs. Gar Leyva and son Greg motored to La Grande on Friday where Greg received medical attention. He and his father flew to La Grande again on Saturday morning returning that afternoon. Stanley Schoonover who has made his home with his mother June Cooper for the past year returned to the home of his father in Los Angeles. Stanley was a member of the freshman class.

Mr. and Mrs. C. C. Jones and Mr. and Mrs. W. E. McMillan motored to Portland on Tuesday where Mr. Jones took delivery of the new co-op truck returning home on Wednesday. Mr. and Mrs. McMillan returned home on Thursday after visiting at the R. B. Wilcox home and the Henry Cavin home in that city.

Mrs. Tess Hatfield entertained on Monday morning with a coffee hour for the March of Dimes. Those present were: Mrs. B. J. Doherty, Mrs. Bill Doherty, Mrs. Newt O'Harra, Mrs. Wardwell, Mrs. Eldon Padberg, Mrs. Lester Cox, Mrs. O. W. Cutsforth, Mrs. Johnnie Ledbetter, Mrs. Dean Hunt and Mrs. C. C. Jones.

Bob Steagall, son of Mr. and Mrs. Wilbur Steagall was seriously injured while working at the mill on Saturday morning. He was taken to Pioneer Memorial hospital where he will have to remain for several months while recuperating.

Wilbur Steagall returned home last week from St. Anthony's hospital in Pendleton where he underwent surgery Jan. 2.

Word has been received in Lexington of the illness of Mrs. Eliza

beth Campbell at the hospital in Hermiston. Mrs. Campbell is the mother of Roy Campbell and Annie Keene and former resident of Lexington and Heppner.

Dinner guests on Sunday at the C. C. Jones home were a sister of Mrs. Jones, Mrs. W. I. Miller and sons Gary and SP2 Earl L. Miller of La Grande. Earl will leave on Monday for Fort Benning, Georgia where he is to be stationed.

Mrs. Dean Hunt motored to The Dalles on Tuesday after Mrs. E. E. McFadden who has been a patient in Mid-Columbia hospital following surgery. Inez O'Neal, daughter of Mrs. McFadden, has been in The Dalles to be near her mother.

Word has been received in Lexington of the enlistment of Keith Grey in the U. S. Army. He left for training on Jan. 2.

Kirk Mathews entertained at his home on Thursday honoring his birthday. Games were played

and later dinner was enjoyed with birthday cake served by his mother Mrs. Robert Mathews. Those attending were Tony Doherty, Billy Klinger, Kenny Jones, Bobby Mathews and Kirk.

Rev. Norman Northrup motored to Spokane last week after his wife and daughter Peggy. Mrs. Northrup has been staying there helping with the care of Mr. Northrup's mother who has been ill.

The Lexington church has had an extensive job of remodeling. Tile has been laid throughout the main part of the building and mahogany wainscoting put in with new large entrance doors being hung. A good number of the congregation with several outside helpers helped with the work. All are invited to attend services which start at 9:45 on Sundays. There will be another work day at the church on Wednesday.

Let's don't forget choir practice on Wednesday nights at 8 p. m.

Home Safety To Be Stressed at La Grande Workshop in March

Deaths and injuries from home accidents are one of the greatest problems in Oregon, according to the Governor's committee on home safety. Home accidents are second only to motor vehicle accidents in the number of deaths from accident each year, and they are the leading cause of injuries.

The committee has found during its six years' existence that when people are aware of the problem, they will make a great effort to do something about it. One method used by the committee to get information to the people of Oregon is through safety workshops in various regions throughout the state.

A home safety workshop is being planned for March 21 and 22, to be held at Eastern Oregon

College of Education in La Grande. The workshop will be open to anyone from Baker, Walla Walla, Union, Umatilla and Morrow counties interested in planning a home accident prevention program for their family, club or community.

The planning committee with representatives from the five counties has developed a full schedule for the two day workshop include small working groups and practical ideas such as movies, skits, flannelboard demonstrations and records.

Anyone interested in attending the workshop may get further information from Mrs. Velma Glass, Morrow county health department, Heppner.

Mrs. Mary Carter left Sunday for Portland after visiting here several months with her daughter and son-in-law, Dr. and Mrs. E. K. Schaffitz.

Hereford Association Names Local Member

Kansas City, Mo., (Special)—Ronald Currin, Heppner, was named to junior membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Mo.

Forty-one junior Hereford breeders were placed on the Association's official roster during September. The Association maintains active accounts for more than 80,000 breeders of registered Herefords over the nation.

The Hereford Association during the last fiscal year recorded 477,620 purebred calves. The year's total recordings were more than twice the combined registrations of other major beef breeds.

"You bet Pacific Power was busy in '56!"

Biggest demand in history for low-cost PP&L power sparks big "kilowatt factory" building program!

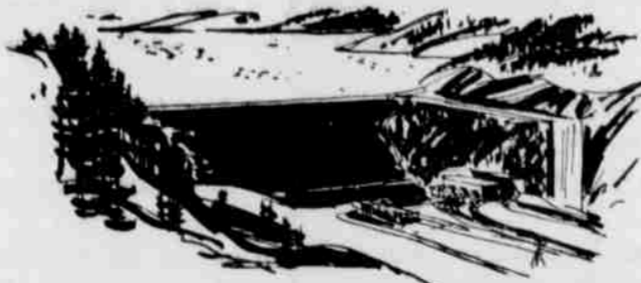

A record $3\frac{1}{2}$ billion kilowatt-hours of electricity were delivered to 275,000 Pacific Power & Light customers in 1956! This all-time high tops a five-year period of growth during which customers of Pacific Power have increased their use of electricity nearly 60%!

To satisfy this growing popular demand for dependable low-cost electric service, Pacific Power & Light is hard at work building and planning big new power plants that will help you live better electrically for many years to come.

Power developments started last year alone will double the Company's electric generating capacity by the end of 1958.

WORLD'S HIGHEST earth-fill dam is now under construction by Pacific Power & Light at its Swift hydroelectric development on the Lewis River in southwest Washington. This great project will add more than 200,000 kilowatts to the region's power resources. In addition, Pacific Power is installing a third 50,000-kilowatt generator at its Merwin dam, first of Lewis River developments.

100,000 NEW KILOWATTS will be generated at PP&L's Dave Johnston steam-electric plant being constructed near Glenrock, Wyoming. This modern coal-fired plant will be interconnected with the Northwest Power Pool by heavy-duty transmission lines.

These big projects are just part of a \$157,000,000 five-year power development program Pacific Power has in progress to help assure a plentiful supply of low-cost electric power for this fast-growing region
