ROSY SAYS: I see by my paper that 1957 and future years are going to be prosperous years. The head of Georgia-Plywood says there will be 18 million new homes built during the next few years. They have invested 200 million in timber and sawmills. The power companies say the use of electricity will double in the next few years. Ezra Taft Benson says the farmers are out of the woods and they will be in the money starting this year. The federal government is going to spend 30 billion dollars on new roads. The automobile companies and particularly Ford Motor Company has just invested one billion dollars in new plants and factories and plans on spending another 250 million this year to keep up with the demand. Ford is turning out more cars than they ever did in history. Mercury is building a car a minute. The weather forecast is for more snow, so you just have to look at the world thru rose colored glasses.

TRAFFIC CLAIMS 417 Lives During Year Street and highway crashes killed at least 417 people during 1956, the Oregon Traffic Safety Commission reported today. The count, as it now stands, is just three more than for 1955, but officials said the 417 toll should "only be considered tentative." Delayed reports of deaths sometimes filter into the state accident records office for several weeks after the end of the year, and anyone injured who dies within 12 months from the date of the accident must also be added to the final count. While it's still too early for final figures on accidents and injuries, the Commission said there is little doubt that both columns will exceed the totals for 1955, when there were 63,741 accidents and 15,442 injuries. These increases, the Commission added, will be felt directly by every Oregon car owner because of the already announced boosts in insurance premiums. November was the worst single month of the year with 46 deaths. It also ranked worst on a file-form basis when it piled up a rate of 8.1 deaths for each 100,000,000 miles of travel. Other monthly tolls were: January, 28; February, 29; March, 28; April, 39; May, 30; June, 35; August, 44; September, 39; October, 33; and December (estimate) 30.

THE TRAIL BLAZERS The Heppner Trail Blazers met at the home of Mrs. Betty Wagner for their first meeting of the year. Mrs. Wagner opened the meeting with a prayer followed by our missionary song. Sandra Campbell joined our club. We picked our crafts, the boys working with leather, the girls basketry. We played ping-pong and stir the mash. Two of our members, John Cleveland and Terry Robertson being absent. We hope they join us next time. Mrs. Wagner closed with a prayer. We hope to be in uniform soon. PSYCHIATRIC AIDES will be recommended in the report, at a beginning salary of \$250 a month. Beginning workers would receive pay increases from present salaries of \$56, \$166, \$176, \$186, and \$198, to an entrance salary of \$210 a month. A veteran legislator commented, "I have observed several biennial approaches asking the legislature to grant better salaries to attract grade of hospital aides for unfortunate state wards. Better salaries, for the humanitarian phase and for state economy in lowering costly employee turnover is a good state investment as well as employee betterment. As in the past the request will result in higher high salaries for higher high employees."
