HORIZON CLUB

The Horizon Club met Thursday February 21 at the home of our leader. All members were present except Sharon Case.

We made tacos, a Mexican dish and served it.

At our next meeting, March 17, we plan a "1976 reunion", when we will discuss our life ambitions and how they were accomplished.

Heppner High School SCOOP

By Judie Spaulding

Nominations were held in Tuesday's student council meeting for manager of the school portion of the band carnival. These nominees will be brought before the next student body meeting for election of the manager.

An advertising committee was also appointed for the carnival. The date set for the carnival is April 6. The date had been set for April 13, but the change was necessitated because of the number of conflicts on the 13th.

 March 6—FHA Meeting 8:00 p. m.
 March 7—GAA

H Club

Ten Heppner high school students became members of National Honor Society at a candlelight initiation, February 20 in the multi-purpose room of the grade school.

As the audience quieted for the formal ceremony, the lights in the auditorium were dimmed. Background music provided by Janice Martin set the tone for the service. Jay Sumner lighted the Honor Society torch which burst into a blazing glory of red, green, yellow and blue. This spectacular scene continued during the speeches given by seniors who were already members of National Honor.

As the new initiates signed the club charter they filed into a semi-circle behind the colorful torch and lighted their candles from those of their neighbors. Following the initiation members moved to the front of the stage where each received the congratulations of his family and friends.

PONY KICKS

By Shirlee Upton

Mrs. Kelly's fourth grade received word from CARE that two of their packages had been shipped to Korea, two to Hong Kong, two to Greece, and two to Germany. On reaching their destination receipts stating they have arrived will be received.

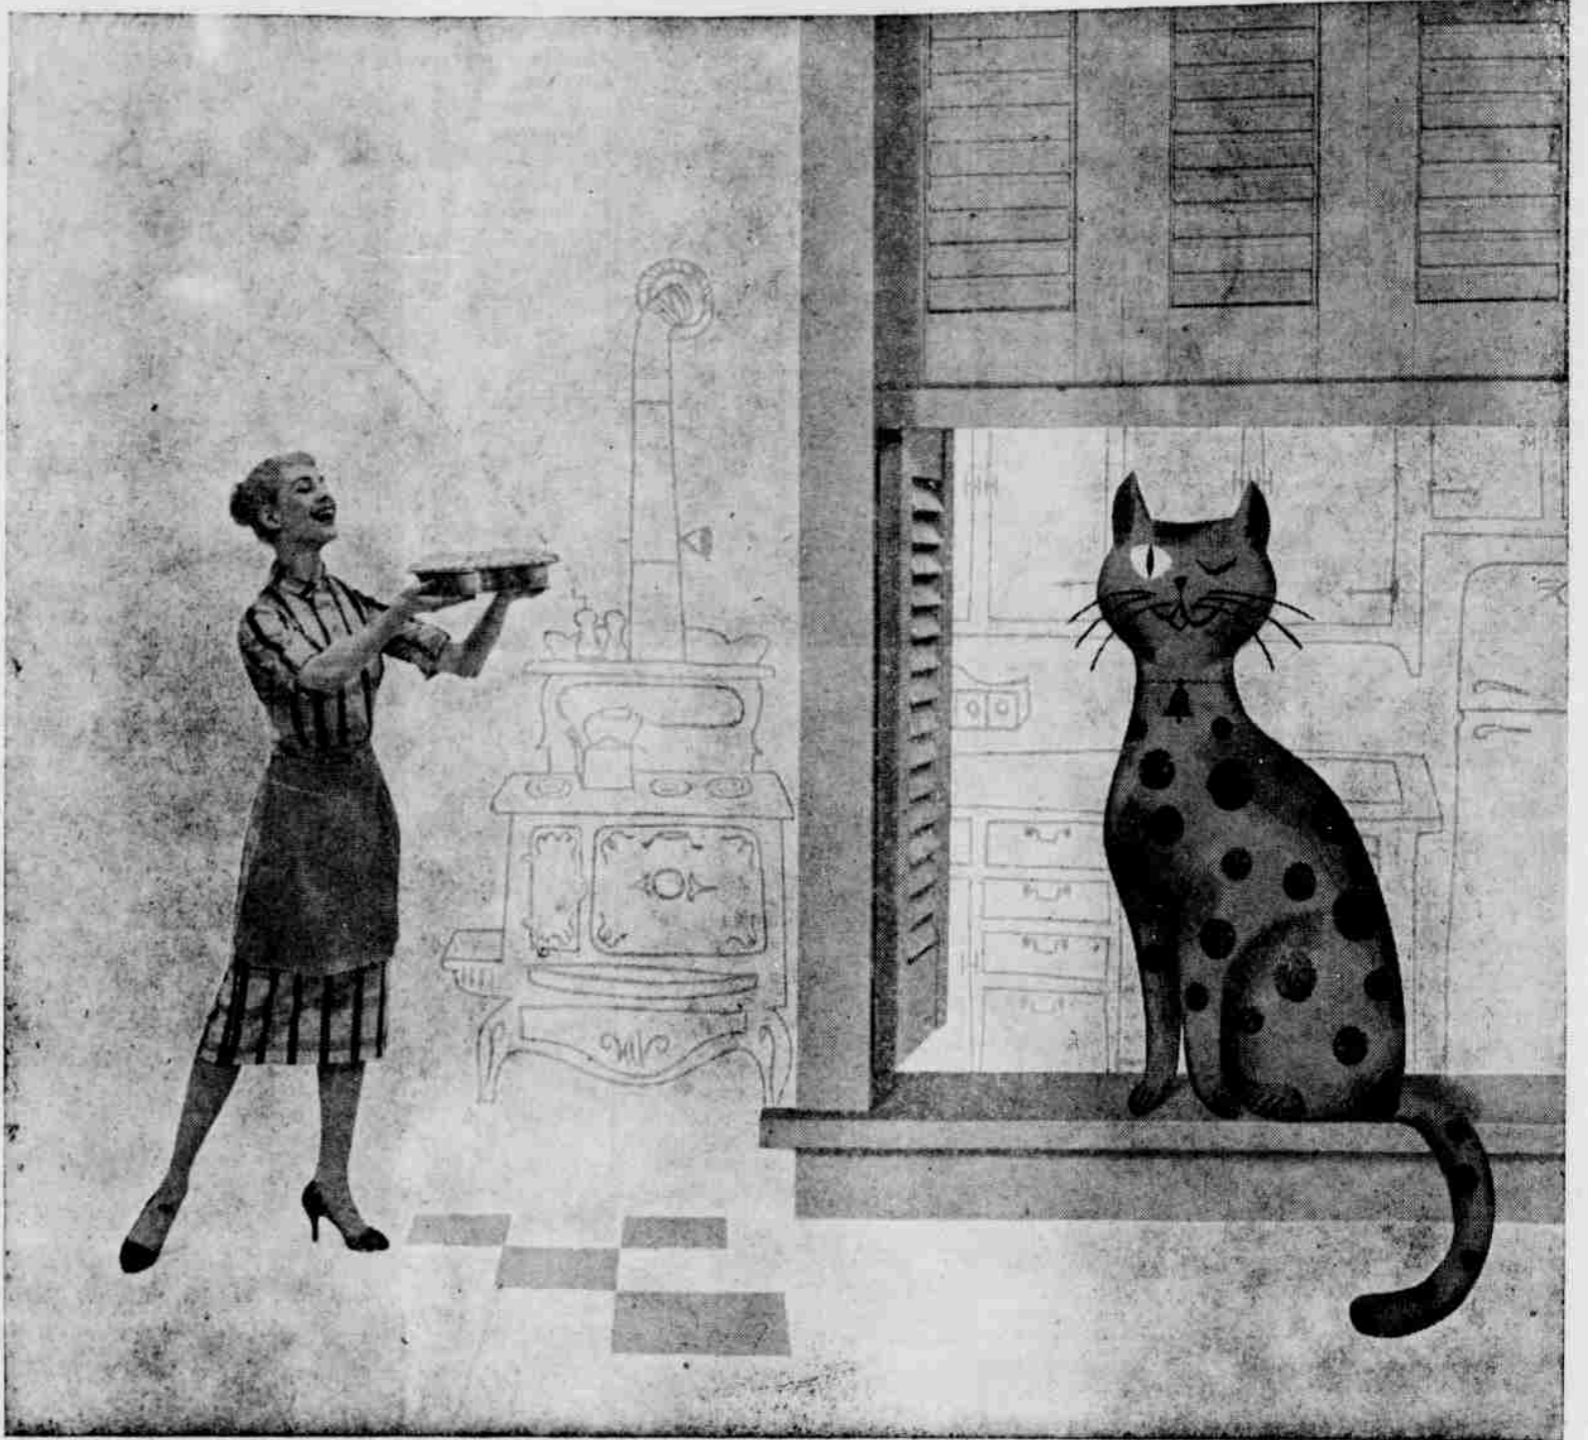

Chicken pox and bad colds have taken their toll and have caused many of the absences this week.

As a result of a recent election, new class officers of the fourth grade are Pres., Sherrill McDonald; Vice Pres., Karen McCurdy; and Sec. and Treas., John Pfeiffer.

The study of first aid is now the object of the health class. Things learned so far are causes of shock, signs of shock, and what to do until a doctor can be reached. A booklet is being made in which will be recorded future facts.

Health contests are held each nine weeks with the room being divided into two groups. The groups are inspected each morning and checks are marked against them for bad health habits. At the end of the nine weeks the group having the most checks loses and must give the other side a party. The losing side for the last nine weeks was led by Anna Marie Brindle and a party was given to the winning side led by Karen McCurdy. Leaders in the present contest are John Pfeiffer and David McBeth.

Mr. Snyder's Room
 A letter from Bilmont, Massachusetts, written by Christine Sullivan, was received by Mr. Snyder's eighth grade. She told of the things she enjoyed doing, stated some facts of her home town, and asked that someone answer and tell of the town of Heppner. Fern Alberts, Mary Slocum, Jeanne Schmidt and Marlene Griffin will reply.
 The eighth grade A wishes to thank the seventh grade for honoring them with the Sweetheart ball. All attenders reported a wonderful time.

Quick as a cat can wink its eye

Thanks to the miracles of frozen foods and prepared mixes, the modern housewife can bake a cherry pie or concoct a whole meal "quick as a cat can wink its eye."

But what does she do with the time she saves? Just takes care of three or four kids, makes slip-covers and drapes, acts as family chauffeur and nurse, does the washing and ironing, entertains her husband's boss, probably helps out at the local hospital or maybe serves as Den Mother for ten husky, unruly Cub Scouts.

And she does even more! Chances are she acts as family purchasing agent and bookkeeper. And her family's financial standing depends as much upon her ability to budget and save money as it does on her husband's ability to earn it.

That's why so many women today are helping their husbands get started on a regular savings program in U.S. Series E Savings Bonds. Everybody wants to save, but modern women face the fact that few people can do it on a hit or miss basis. The secret of saving is system, and one of the easiest systems to follow is for the family breadwinner to buy Bonds through the Payroll Savings Plan. Once a wage earner signs up for this plan where he works, his money is automatically saved for him in safe and sure U.S. Savings Bonds.

Help your family win financial security by encouraging your husband to join the Payroll Savings Plan or invest in Bonds regularly where he banks. He'll thank you for it tomorrow!
