### 4-H ELECTRICITY CLUB

The fourth and fifth grade Electricity club met last Tuesday after school and decided that they would name our club "The Reddy Kilowatts".

The meeting was held in Mrs. Ely's room at the school and was called to order by president Lee Hams.

We did the first lesson out of our project book which consisted of "a bag of tricks." These weren't really tricks but simple electricity facts that are rather amazing. We took turns in performing them and we each had to do at least one to get Mr. Hausler to sign our project book.

In the future our meetings are scheduled for the first and third Wednesdays of the month.

Stephen Lindstrom and Tommy Heimbigner were selected to plan the next meeting.
