

Heppner High School SCOOP

By Jan Beamer

This week has been the busiest ever as some students expressed it. Monday morning greeted the students with a one act play, which included many HHS students. A charge of 10c was made and this money went to pay for the royalty and to the Red Cross. The Armed Services then brought a program to the junior and senior classes of Heppner and Lexington. A representative from each branch of the service, both men and women, gave students a briefing of typical life in the service.

After lunch, Mrs. Velma Glass, county health nurse, and Virginia Jepsen, former lone student and now attending school of nursing at Emanuel hospital in Portland, gave different viewpoints, and told of the many advantages of the nursing field. At the conclusion of our day, a wildlife program was presented. A brief talk was given and a very fine picture was shown to HHS students.

The magnificent picture, War and Peace, was the morning long feature for Heppner, Lexington, and lone students Tuesday. In the afternoon, the county speech meet, which was held in lone, took many students, from both grade and high school.

Along with these events crowding the week, teachers and students had to cope with nine weeks tests, which we all enjoy so well! Report cards will be on the fare for Thursday of this week.

Heppner high school took an active part in the local Red Cross program, sponsored again this year by the F. B. L. A. A donation booth, with music playing during the noon hour was a week long feature, along with the selling of cup cakes, and cake slices. Many cupcakes were cleverly

decorated with white frosting and a red cross on the top. A total of about \$45 was raised from donations, and these sales.

Also, as an aide to community service, members of FBLA have been visiting the hospital every Sunday of this month. Special treats are taken to the old people. The students along with the patients have all had a nice time. Students have learned many items of interest about our community. The students going up last Sunday, presented apples, oranges, and cup cakes along with any musical selections the patients requested, accompaniment for singing was by Janice Martin. Each time, students look forward to the next Sunday to share the experience.

Members of the band and chorus attended the district music festival at La Grande Saturday March 23. The Heppner high band and chorus both received a two, and the grade school received a three.

The first baseball game of the season will be held Friday at the Rodeo grounds. Heppner's opponent is Arlington, and concessions will be sold by the junior class.

Len Ray Schwarz, junior of Heppner high has been announced student chairman of the annual band benefit carnival April 6.

The carnival will last from 5:30 to 11:30 and will be highlighted by the crowning of the King and Queen. Candidates elected for royalty competition are: seniors—Chris Swaggart and Dick Applegate, juniors—Carole Groshen and Bob Laughlin, sophomores—Kay Keithley, and Larry Prock, freshmen—Cara Lee Corbin and Billy Irby, Jr. high—Fern Albert and Ronnie Gray.

The King and Queen contest will start Monday and continue throughout the night of the carnival. A sign is now being displayed in the downtown area, to advertise the carnival.

How Savings Bonds can help you build your DREAM HOME

Mr. George S. Goodyear, President, National Association of Home Builders

"Maybe an American family starts with a dropped handkerchief. But somewhere along the line, even before the ring, the dreams start. One of the big things in those dreams is a house of your own, a house that's just the way you want it. "We've learned plenty from home buyers about what they want in houses and a little bit about how they save that first down payment. Many of the people with whom I've talked found the easiest and surest way to save was by regular investment in U. S. Series E Savings Bonds."

It's easy to understand why. By putting money in Bonds, people are less inclined to spend it until they've reached their goal. And Bonds are a safe sure investment. The U. S. Government guarantees your principal in Savings Bonds—up to any amount—and the rate of interest. If you're saving for the home of your dreams, why not do it the easy way by regular investment in U.S. Savings Bonds? Start today either through the Payroll Savings Plan where you work or by buying Bonds often where you bank.

PART OF EVERY AMERICAN'S SAVINGS BELONGS IN U. S. SAVINGS BONDS
