Today, it costs THIS MUCH. Illustration of a man with a money bag.

You would pay almost twice as much today to buy or build your home as you paid 12 years ago. To put it another way, you can build only half a house in 1957 with the money it took for a whole house in 1945. How about your fire insurance? Have you enough today — on house and contents — to meet any loss? We are qualified to help you determine just what insurance, and how much, you need on your home and furnishings. Phone us right now — we'll be glad to discuss your insurance problems with you. And remember, if you're not fully insured — it's not enough!
