"The First Step Toward a Cure is to Know What the Disease is"

By Phil Blakney
Research scientists have now perfected some chemical re-agents that enable physicians to make a positive diagnosis of certain diseases. Often the cause of a sickness still has to be determined by skillfully eliminating what it cannot be. Sometimes more than one visit is necessary to accomplish this.
To impatiently rush from one physician to another is unwise. You can usually get well much more quickly if after choosing your physician, you give him the necessary time to find out what is wrong, so that he can help you most.

LATEST FIGURES SHOW MERCURY OUTSELLS ALL COMPETITION IN WEST!

It comes as no surprise to us (or to their owners) that the big, brilliant Mercury '57 is the solid sales leader in its field against all competition here in the West.

Mercury's distinctive styling is one answer. Smart, functional; it belongs to Mercury alone. Then there's size. The Big M, this year, is measurably larger than competition inside and out. This, combined with Mercury's exclusive Floating Ride, means riding comfort and luxury you will find in no other car at the price.

Westerners also appreciate Mercury's full choice of great new engines, its superior performance, and its many exclusive features—such as Keyboard Control—effortless driving on the freeways or in city traffic.

All this adds up to greater value—which you will discover when you make your comparison of our '57 Mercury with its competition. See, test-drive, and price this great car now while we are still able to make high trade-in deals.
