By ROBERT PENLAND, Secretary

Attest:
TED SMITH, City Recorder

“Me... a murderer?”

People just like yourself become killers every day—and so could you! Want to know why?

Ask any police official. He'll tell you that the people who are involved in fatal traffic accidents aren't habitual criminals at all!

Mostly they're normal, respectable citizens who never had a real accident before!

But—just that once—they ignored a stop sign... exceeded a speed limit... failed to stop for a school bus... or attempted to pass on a hill! And they wound up taking another person's life!

Last year, 40,000 men, women and children died tragically on our highways—a terrible record!

Can anything be done about it? The answer is YES... if you help!

Here's how you can help stop traffic tragedies:

- 1 Drive safely and courteously yourself. Observe speed limits and warning-signs. Where traffic laws are obeyed, deaths go DOWN!
- 2 Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you. Where traffic laws are strictly enforced, deaths go DOWN!

Support your local Safety Council.
