Subscription Rates: Morrow and Grant Counties, \$3.00 Year; Elsewhere \$4.00 Year. Single Copy 10 Cents.

### Odd Ends . . .

Unbeknownst to most people, a new state law will go into effect this month which will do much to control itinerate peddlers who frequently work this area, either legitimately or otherwise. It requires any person who desires to sell any item, except produce which he himself grows from the soil of Oregon, or at wholesale, to purchase a license from the treasurer of every county in which he wishes to sell his merchandise. If he plans to walk to hawk his wares on foot, his permit will cost him only \$25 per year, but if he drives any sort of conveyance it will be \$100. In addition he must post a bond equal to the amount of the license which will be held by the county to satisfy any claims against the peddler by his customers or other persons.

The title "Peddler," according to the law, means every person who, for himself or as an agent of another, goes from place to place or from house to house, carrying for sale and offering or exposing for sale any goods, wares or merchandise, or who offers to sell from catalog

or sample, at retail to individual purchasers who are not dealers in the articles sold.

In other words, the law applies to all "route" men, salesmen and peddlers of any type of merchandise except farm produce grown by the seller himself. It was written for the protection of the public, and it will be up to the public to report immediately any such peddler. He may be perfectly legitimate, or he may not, but if he doesn't have a county license, 10 chances to one, there's a catch somewhere in what he is selling.

Did you ever see such a summer for screwy weather. This last week has felt like October rather than the first of August. Wonder when summer's coming?

Facelift and redecorating has been quite prevalent around Heppner this summer and it's really surprising what a little paint can do, isn't it. It's good for a town to go on a painting and fixing-up spree once in a while, gives everybody a little lift that they can use about this time of the year, just before harvest is over and the money starts to circulate again.

### From The County Agent's Office

By N. C. Anderson

Three weeks from the time that this is being written we will be well into our annual county fair. It starts this year one day earlier and ends one day earlier because of a conflict with the Shrine football game at Pendleton. Four-H club activities will get under way on Tuesday, August 27 with open class exhibits in place Wednesday morning, the 28th with all activities to end on Friday afternoon, August 30. Because of this schedule many of the 4-H club activities will be advanced one day. The 4-H style revue therefore will be held on Wednesday night, August 28 and the 4-H club auction sale on Thursday night, August 29. This will leave Friday evening, August 30 open for the annual evening rodeo which will be changed to avoid conflict with the Saturday night football game. With the closeness of fair we would like to remind everyone to begin thinking seriously of the exhibits they are going to make. Many of your exhibits can be selected now. We hope that there will be an increase in quality and quantity of exhibits over 1956, which was the best year yet.

At least one Morrow county rancher took advantage of the Willamette valley ram and ewe sale to add high quality breeding stock to his herd. Don Greenup, Heppner, who has established

one of the finest Suffolk flocks in the country purchased one of the top Suffolk rams of this sale as his flock ram. One of the top rams to go through the sale was consigned by Eldon Riddel, prominent Suffolk breeder from Independence. For the 4-H club members of the Greenup family two excellent Southdown ewes and a Shropshire were purchased. An Eldon Riddel Southdown ram was purchased to go with these ewes. This ram is one of the most outstanding that I have yet to see in the Southdown breed. Don also bought an additional Southdown ram which is for sale to anyone who might like a ram of this breed. My guess is that the Greenup children will be showing some grand champion lambs at 4-H events in the years to come.

At a recent feeder lamb sale in Benton county 48 producers pooled 2451 feeder lambs for the special sale. A top price of \$20.75 a hundred with a lay price of \$14 per hundred was paid. Most lots sold above \$16. One lot of 160 head of good white face ewes with an average weight of 68 pounds cashed at \$17 a hundred. One lot of 133 head of good white face wethers, 71 pounds average, went at \$17.25. In the Lakeview area last week 200 good 750 lb. heifers were contracted at 18c with a 20 head cut for September delivery to The Dalles. Also 235 yearling heifers of the same grade and weight were contracted at 15 cents a pound for September delivery to California. A string of a hundred good 425 lb. steer calves were contracted at 22 cents a pound for November to a local feeder. In Morrow county the majority of the weaner calves are contracted. Buying has been active with buyers in the county during the past week making strong bids for calves to fill their orders.

Reports are that a few choice steer calves have been sold as high as 23 cents.

As "roasting ear" time draws near many inquiries are coming into the office for the control of the corn earworm in sweet corn. The earworm when uncontrolled is the most destructive insect of corn in the United States. Many times sweet corn is damaged to the extent that it is unusable. The corn earworm can be controlled most effectively with a DDT emulsion to which a light mineral oil is added. The type of equipment you use to apply the emulsion depends on the size of the crop to be treated. For best

results spray sweet corn three times as follows: First, the day after the silks appears; Second, three days later; Third, three days later. Apply the insecticides to the silks using enough of it to wet them thoroughly. Directions for preparing one gallon of spray which will cover a plot 17 by 100 feet follows: Mix 1/3 pint of 25% DDT emulsifiable concentrate and 1/3 pint of light mineral oil with enough water to give you one gallon of the emulsion. For garden use any good hand sprayer is satisfactory for applying this emulsion.

You have until September 30 to file for refund on gasoline used the period July 1, 1956 to July 1, 1957. Form 2240 is available from this office or the Internal Revenue Service offices. It is simple and easy to fill out, however we have copies of a booklet on gas tax refund which answers many of the questions which might come up. For those who have a question about custom work. If you hire your neighbor to do custom work for you you may file for refund on the gasoline used by him doing the work on your farm. He cannot get this refund. This provision applies to work which involves cultivating the soil, raising or harvesting agricultural products.

Word comes from the Pacific Northwest Crop Improvement association that Burt wheat has been found tops in making Asia's food staple "Chapati". In comparative tests Elmar, Brevor and Idaed varieties, Burt makes the best Chapatis. Chapatis are an unleavened bread eaten extensively by peoples of Pakistan, India, and other Asiatic countries. Burt wheat has the potential of becoming a desirable variety for export to Asia.

Elevator operators are being urged to bin Burt separately and not mix it with other common white wheats.

### Golf Interest Up; Course Improved

Fairways and sand greens at the golf course are in good shape and interest and playing has increased considerably during the summer, officials of the Willow Creek Golf and Country club reported this week.

About 25 members played on the course Sunday and several have been using the course in the afternoons, it was reported. Anyone interested is invited to join the organization. Bulk of maintaining and improving the course is done by members.

### IN HOMETOWN AMERICA

### THIRTY YEARS AGO

From the files of the Gazette Times, August 11, 1927

The big stationery threshing machine on the W. H. Padberg ranch in Clark's canyon was totally destroyed by fire on Thursday afternoon last.

Miss Katherine Bisbee of this city was this week chosen queen of the Heppner Rodeo.

Frank Frates and Fred Akers were in for a few repairs to their thresher this afternoon.

Miss Flora Robinson of Portland is visiting Mr. and Mrs. J. A. Troedson.

Mrs. G. W. Phelps and daughter Miss Margaret Phelps will leave for Seattle about September 1, and will spend the winter there.

Miss Elaine Sigsbee was up from Portland for a visit over the weekend with her parents Mr. and Mrs. B. G. Sigsbee.

Mr. and Mrs. H. O. Bauman, accompanied by Miss Hazel Cool of Lone went to Portland Friday where they spent the weekend, returning Monday morning.

### Smiths For Governor

Almost every week a new name for the Republican nomination for governor gets on the grapevine circuit of popularity around the Capitol.

This week it is Ray Smith whose friends correlate his fitness as a candidate and as a governor. He has always been a political success, they emphasize. He has a natural aptitude for making friends and knows how to avoid making enemies even in difficult circumstances. He is in a strategic position, as secretary of the Republican State Central Committee, to know what is doing politically—before it is 'adoing. He's photogenic, and that is good for a lot of votes, the senior grade of Republican pundits tell us.

The Republicans could use the "Smith for Governor" posters that were left over from the 1956 campaign—with a different face painted over Elmo's. But then

Elmo Smith may want to be using them if both Smiths run, Smith Bros. posters could be used. However, we understand there will not be a shortage of funds this year in the GOP war chest.

**Dr. Klemmen Resigns**  
Announcement was made this week by the Pacific Telephone & Telegraph Co. of the promotion of Rep. Robert R. Klemmen, of Columbia county, to the state headquarters of the company in Portland, where he will work on tax matters of the organization.

Klemmen, who is serving his fourth term in the Legislature, immediately resigned from that body and took up his residence in Multnomah county.

The change of residence eliminates one of organized labor's strongest candidates for Speaker

of the House of the 1959 session.

**Yturri For Congress**  
Up in the Second Congressional District Republicans are centering their efforts on the election of Senator Anthony Yturri (Rep) of Ontario (pronounced Aturri) to replace Congressman Al Ulman, (Dem).

**State Fair Next**  
"Different and Better than Ever" is the way the management of the 1957 Oregon State Fair sloganize their ideals and efforts and a look around the spacious grounds Monday should convince anyone they could not afford to miss the coming fair.

There is a lot planned that is new. Too much for detailing here.

This is not going to be a Demo-Continued on page 7

### ENJOY YOUR VACATION

### MORE!

BE PROTECTED WITH

TRAVEL ACCIDENT

AND

TRAVEL BAGGAGE

### INSURANCE

You can have Dual Insurance protection for any period from 3 days to 180 days for such a small cost it is silly to be without it on your vacation trip. Your Travel Accident policy will provide from \$5,000 to \$50,000 accidental death benefits and also gives you medical cost coverage. Travel baggage insurance gives you full protection for your personal effects on your trip.
