"Why doesn't he call?"

Every day, all over America, people who are expected home never get there... because death on the highway intervenes!

You've waited up for someone. Everybody has. So you know the relief you feel when he finally does come home—or when he calls to say that everything's all right.

But imagine, if you can, waiting and never hearing. Or picking up the phone to hear a stranger's voice.

Last year, 40,000 American families had to suffer this torture. For that's the number of men, women and children who were wiped out in traffic accidents during 1956.

Traffic accidents can be prevented—if you do something about safety now! Won't you help?

Here's how you can help stop traffic tragedies:

- 1 Drive safely and courteously yourself. Observe speed limits and warning-signs. Where traffic laws are obeyed, deaths go DOWN!
- 2 Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you. Where traffic laws are strictly enforced, deaths go DOWN!

Support your local Safety Council.
