Boardman Schools Open September 3

By Mary Lee Marlow The Boardman public schools will open Tuesday Sept. 3 at 8:30 a.m. Some new typewriters and science equipment have been purchased for the school. Many of the rooms have been redecorated.

The staff is complete. Superintendent Sigvold O. Aase will be beginning his second year at Boardman. This summer he attended the full session of summer school at the University of Oregon at Eugene.

The new addition to the high school faculty will be Harold C. Gauger, who taught at Othello, Wash. the past two years. He will teach English, girls' physical education and have charge of the library. He is married and has one son age three months. Ronald Elack will teach vocational agriculture, biology and general mathematics. Marion Morlan will be the coach and also handle the band.

New teacher in the grade school is Richard Waymire, who will teach the seventh and eighth grades. He holds both the Bachelor of Science and the Master of Science degrees. Last year he taught in the state of Kansas. His home was in Chanute, Kan. Mrs. Laverne Partlow, who taught the seventh and eighth last year, will be the fifth- and sixth grade teacher this year. Mrs. Partlow received her Bachelor of Science in Education degree this summer at EOC at La Grande. Mrs. Mildred Baker will teach the third and fourth grades. Mrs. Zoe Billings will again teach the first and second grades. She attended summer school at EOC also.

Robert Harwood will again be the school custodian and bus driver. The other driver will be chosen soon. Delbert Ball who drove last year has resigned. Mrs. Ellen Graham will be head cook in the school cafeteria and her assistant will be Mrs. Luda Ball.

Chairman of the school board is Harold Kress and other members are Henry Gantenbein, Willard Baker, Armin Hug, and the new member is Roy Partlow. Dewey West, the retiring chairman, was not a candidate for reelection, but is now on the county rural school board.

strong. The chances for a good lamb crop can be boosted by having ewes gaining in condition at the time rams are turned in with them. Ewes are frequently too fat at breeding time. It's a good practice to put over-conditioned ewes on dry feed or poor feed for a time and then return them to good feed. The loss in condition followed by a gaining period results in a high lamb percentage. With increasing incidence of internal parasite it would be a good idea to treat ewes with two ounces of liquid phenothiazene prior to flushing as a precaution against these pests. It is also well to treat rams before turning them with ewes.

County Agent News

By N. C. Anderson Recently the Morrow County Livestock Growers Association contributed \$50 to the Oregon Cattlemen's Association as their share of contribution collected in financing of a petition for creation of an Oregon Beef Commission. This petition asks the state department of agriculture to conduct hearings and a vote on the proposed self help program. The beef commission would provide a maximum tax collection of 10 cents per head on cattle collected at the time of state brand inspection of animals sold for interstate movement or for slaughter. The petition stipulates that scientific research to discover and develop the commercial value of beef be limited to problems associated with market; it also requests that powers of the commission which would consist of 7 commissioners would study legislation limited to marketing problems. The commission studies would include tariffs, duties, reciprocal trade agreements, import duties, freight rates and other matters that affect the marketing of beef. The commission would be composed of one handler two dairymen and four cattlemen. Morrow county cattlemen are urged to acquaint themselves with the nature of the beef commission so that they might be better informed to vote on this when the referendum is held.

This is the time of the year when rams are being turned into the ewe flock for early lambing. The practice of lambing in January and early February especially in farm flocks is becoming popular. This provides an early lamb for market while prices are still

BPA Transmission Line to Supply Power for District

Bonneville Power Administration today awarded a \$217,863 contract to Key Construction Company, Tacoma, for clearing and construction of the 26-mile Big Eddy-DeMoss 115,000 volt transmission line. Energization of the new line and a 15,000 kilovolt ampere sub-station is scheduled for May 1958.

Completion of the line and sub-station will provide power for Sherman and Gilliam counties in North Central Oregon through service to the Wasco Electric Cooperative, the Columbia Basin Electric Cooperative, and the Pacific Power and Light Company.

The contractor will have 260 days to complete the work.

ONE NEWS

Word was received that Ronald Duane Osibov son of Mr. and Mrs. Henry Osibov of Colton is a patient in the Dornbecker hospital in Portland following an operation for a ruptured appendix. He is reported to be getting along satisfactorily. The Osibovs were former teachers here.

Lt. and Mrs. John Bristow are spending two weeks here with relatives. They have been in San Antonio Texas where he was stationed in the Air Force. He will be transferred to Great Falls, Mont. where he will be in strategic air command refueling planes.

Mr. and Mrs. Tom Bristow and children of Portland are visiting at the home of his parents, Mr. and Mrs. E. W. Bristow.

Vern Johnson, brother of Mrs. Paul Jones, and her niece, Mrs. Richard Forest and her children Tam and Ricky, all of Redwood City, Calif., are visiting at the Jones home this week.
