

Mustangs Down Umatilla 28 to 19

Second Half Play Puts Heppner in League Lead

The Heppner Mustangs, behind 7-19 in the first half, but not down in spirit, came from behind to knock off Umatilla 28-19 Friday night. This was Umatilla's first defeat and Heppner's fourth straight league win which places the Mustangs on top in district 7B, and tied with Stanfield for first in the Cayuse league.

The Vikings of Umatilla quickly got on the scoreboard by going around left end on the second play of the game for 60 yards. They again scored in the first quarter on a 6 yard plunge that climaxed another 60 yard drive, but were unable to go through the Mustang line for the extra points.

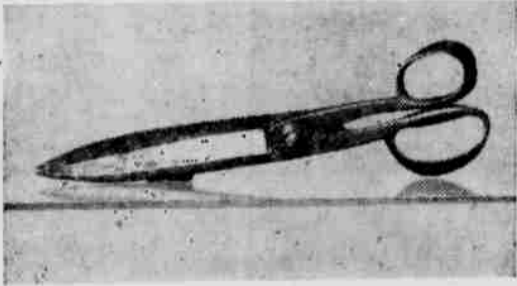

The Mustangers came back in the second quarter with a 27 yard Morris to Ruhl pass in the end zone. Morris plowed through for the extra point. The relief was short lived, however, when the Horsemen again ran up six points on a 45 yard pass in the closing minutes of the first half. The score looked bad at half time, 19-7 against Heppner.

The second half was all Mustang, as Ruhl started it off intercepting a Viking pass and running it back 35 yards for a TD, with a Key block coming from Kay Corbin. Morris carried the pigskin across for the extra point. Len Ray Schwarz made a perfect on side kick that enabled the Mustangs to get the ball and march down the field for another score that put Heppner ahead for the first time, with Ruhl going across from 4 yards out. Morris again boomed across for the extra point. Heppner kicked off again and held Umatilla forcing them to kick. The Horsemen then punted up the ball and marched 65 yards for their clinching touchdown, with Morris going over from 8 yards out, and Ruhl going over for the extra point. The game ended with a great victory for the Mustangs, 28-19.

The outstanding player on the Umatilla Vikings was Delbert Hall who played an outstanding game in spite of a very sore arm. Delbert made the 60 yard run in the opening minutes of play, giving the Vikings the first TD. He also made several other notable yardage gains.

THE D. I. is Different—the first story of that special rugged breed they call the Drill Instructor. Star Theater, Thursday, Friday and Saturday.

This Week's HISTORY MYSTERY

Give the Name and Mission of the Ill-fated Ship that Brought these Tailor's Shears to Oregon.

CLUE: This particular sailing vessel, under the command of Capt'n Jonathan Thorn, came around the Horn and arrived off the Columbia bar on March 22, 1811.

ANSWER: It was the ship Tonquin sent to establish the fur post of John Jacob Astor in the Oregon Territory. It was the ship Tonquin sent to establish the fur post of John Jacob Astor in the Oregon Territory. It was the ship Tonquin sent to establish the fur post of John Jacob Astor in the Oregon Territory.

Young Republicans Planning Campaign

Fred Heard, second congressional district director, of the Young Republican Federation of Oregon, announced today that an expansion of Young Republican activities is on the way!

Heard plans for a "speaking and meeting" tour through Central and Eastern Oregon, in early December or middle January. The tour is to include approximately eight counties.

Members of the party making the tour will be: Charles Woodhouse, adviser; John Kuchler, adviser; Lee Carter, secretary of the Klamath county high school Young Republican league; Barbara Edwards, Dan McGreevy and Ward.

Anyone between the ages of 14-45, interested in forming a group to advance the symbol of the elephant is urged to contact Heard at 3506 Hilyard Avenue, Klamath Falls, Oregon.

ATTEND WEDDING

Mrs. Jessie Griffin and daughter Marlene, Mr. and Mrs. Stanley Cox and children, Mr. and Mrs. Forrest Burkenbine, Mrs. Dick Borman and Ben Cox drove to Portland Saturday to attend the wedding of Virginia Lee Griffin to Tommy Caldera of Portland. The bride is the daughter of Mr. and Mrs. Norman Griffin and the granddaughter of Jessie Griffin and the late Percy Cox.

Mr. and Mrs. Raymond Ferguson left Saturday for Everett, Wash. where they will visit their daughter and family, Mr. and Mrs. Robert Kelly, Luann and Shannon.

Mr. and Mrs. E. E. Gonty and son Doug were in Vancouver over the weekend where Mrs. Gonty attended a district Soroptimist meeting. Later they visited her father C. F. Hemrich, who is hospitalized.

Mrs. Richard Wells and Mrs. Jack Bailey are leaving Tuesday for Portland to attend a meeting of the Oregon Cancer association.

4-H Club News

THE SEW AND SEWS

The Sew and Sews held their first meeting at the home of Mrs. Merritt Gray.

We elected officers which are as follows: president, Mary Slo-cum; vice president, Bernice Thomson; secretary, Fern Albert; news reporter, Shirley Van Winkle.

We discussed our new division for this year, which is clothes for Sun and Fun. Beverly Bradshaw was also present at our meeting. Our next meeting will be October 29.

Shirley Van Winkle, reporter

Feed Grain, Hay Carryover Seen Heavy

OREGON STATE COLLEGE—Large supplies of feed grains and hay point to a heavy carryover in Oregon next year with little possibility of price increases, report Oregon State college agricultural economists.

Nationally, the feed grain buildup is expected to leave record carryovers on hand next fall. While the nation's corn acreage this year is 13 percent smaller than 10 years ago, the nation's grain sorghum acreage is 2 1/2 times as large and the barley acreage has practically doubled in the past 10 years, the economists report in the current issue of OSC's Oregon Farm and Market Outlook.

Oregon hay supplies for 1958 feeding season probably will be at least as large this year, the economists say. Unless unusually harsh weather lengthens this winter's feeding season, the carryover of hay next summer is likely to increase again, according to the OSC outlook report.

The outlook circular also examines the 1958 picture for wheat, feed crops, livestock, and the Soil Bank. Copies of the circular are available from local county extension offices.

OSMINS ARE GRANDPARENTS

Mr. and Mrs. Merle Plank of Salem are the parents of a son born October 5. He has been named Kerry Allen.

Mr. and Mrs. Charles Osmirn are grandparents and Mrs. Osmirn is in Salem now visiting.

MATH TEACHERS TO MEET

The Oregon Council of Teachers of Mathematics will hold a meeting at Portland State college Saturday, Oct. 19 with W. W. Sawyer, associate professor of mathematics at the University of Illinois as speaker. A luncheon will be served at noon.

Mr. and Mrs. Jack Bedford returned last Wednesday from a few days spent in Portland. They were accompanied by Mrs. Harold Johnston.

Mrs. Mabel Chaffee and Mrs. Ethel Zeimantz returned home Tuesday from a month's vacation spent in Seattle and Vancouver, B. C.

Mr. and Mrs. Raymond Parrish and two sons of Portland visited over the weekend at the home of his parents, Mr. and Mrs. Fred Parrish and enjoyed some deer hunting.

Statewide Soil Judging Contest Planned Nov. 20

A statewide soil judging contest designed to promote better use of Oregon's soils is scheduled November 20 at Tillamook with cash awards going to the best two-member teams from among more than 300 Oregon soil conservation district supervisors.

Arthur King, Oregon State college conservation specialist in charge of contest arrangements, says the contest is the first of its kind in the Northwest and probably in the nation. It is sponsored by the board of directors of the Oregon Association of Soil Conservation Districts and the Pacific Supply cooperative.

Each of Oregon's 55 soil conservation districts will be eligible to enter one team. Districts have now been established in 31 Oregon counties and embrace 80 percent of the state's farm acreage, according to Ralph Wilson, Salem, president of the SCD association.

Cash awards offered by the cooperative include \$100 for first-place team and other awards for high rating teams and individual scores. The contest precedes the annual meeting of the SCD association at Tillamook November 21 and 22.

King and Murray Dawson, OSC soil scientist, will select soil sites for judging and will be in charge of scoring contestants against the official Oregon soil judging card recently developed at the college.

Soil will be judged on easily-recognized characteristics such as depth, color, texture, slope, tilth, and susceptibility to erosion. From this information, plus known chemical analyses, contestants will make recommendations for soil use and needed improvements.

Understanding of this basic information for developing farm plans, King says, is complicated by the fact that Oregon has the widest range of soil types of any state in the nation.

Taxable Value of Property in Oregon Shows Big Climb

Reappraisals, improvement in assessment practices and normal growth have increased the true cash value of taxable property in Oregon by nearly \$309,000,000, the State Tax Commission reported recently.

The increase, bringing the total of taxable property to \$6,192,956,607.97, was recorded in the commission's annual summary of property valuations and includes official totals of each county and utility values assessed by the commission. It marks the first time in state history that valuations in this area have topped the six billion mark.

The complete summary shows that for the same period, ending January 1, 1957, that assessed values had risen by \$106,000,000 in all classes of property, including nearly \$30,000,000 increase in utility property.

Increased values of locally assessed properties are attributed to normal growth factors, reappraisal of properties under the state supervision and improved practices by local assessors, Tax Commission chairman S. W. Horn said.

The increase in state-assessed utilities is due to expanded plants and facilities, Horn explained. He said several major utility company projects have been added to the tax rolls this year, chief of these is the new natural gas pipeline into Oregon. The increase in true cash value for all utility companies over last year is \$96,579,610, Horn said.

Every county assesses at a level below the true cash value of property subject to taxation and tax bills are based on a ratio assigned each county by the State Tax Commission. The average assessment rate for the state last year was 34.773 percent of true cash value. They range from 22 percent in Polk county to 48 in Multnomah county.

Local News In Brief

Bert Darnielle of Lexington is a new janitor at Pioneer Memorial hospital.

Mrs. Floyd Adams visited her daughter and son-in-law, Mr. and Mrs. Ted Schaffeld, in Vale over the weekend. She drove over with Mr. and Mrs. Ray Drake who were visiting friends in the area.

Rev. and Mrs. Merlin Zier, Mrs. Fred Herman, Mrs. Adolph Mareske and Mrs. Alfred Fetsch attended the third biennial convention of the Women's Missionary Federation of the Lutheran church at Walla Walla Monday and Tuesday.

Miss Barbara Warren, daughter of Mr. and Mrs. C. A. Warren, has entered Northwestern School of Commerce in Portland. She is living with Miss Sharon Rill, another Heppner student.

BOARDMAN

Mr. and Mrs. Delmer Hug and daughters Debbie and Pamela, spent the weekend in Coeur d'Alene, Ida., visiting at the home of Hug's brother-in-law and sister, Mr. and Mrs. Sid Ferguson. The county extension unit will meet Tuesday, October 15, at

the home of Mrs. Claud Worden. Subject will be "Freezing Prepared Foods."

Randy Stewart is visiting his grandparents, Mr. and Mrs. Oscar Veele, Sr. in Estacada.

Mrs. Laura Allen, who suffered a broken hip in a fall at her home Wednesday of last week, is much improved and able to sit up each day. She had surgery Thursday and a pin was put in to set the break.

Mrs. Louise Earwood went to Estacada last Thursday to visit at the home of her son-in-law and daughter, Mr. and Mrs. Bill Calliff.
