

### HERE'S HOW THIS EXCITING CHRISTMAS GAME WORKS!

1.—Check the front page of your Heppner Gazette Times for the special number which appears in the upper right hand corner of the page. Each copy of the Gazette Times will bear a special number like this each week from now to December 19.

2.—Compare the number on your copy of the Gazette Times with the number on the poster in the stores of each of the 22 participating Heppner merchants. The numbers on these posters are the lucky numbers which will be different each week. Only 22 winning numbers will be picked at random each week and each of the participating stores will display one number on the poster in the store.

3.—If the number on your copy of the Gazette Times corresponds with any 1 of the numbers which appear on the posters in the stores you are the winner of the FREE GIFT which will be presented to you by the store which has

your number—just show your number to someone in the store.

4.—Remember— absolutely no purchase is necessary to win the FREE GIFTS and anyone is eligible to win regardless of age or residence. One person may win more than one time, of course.

5.—The lucky winning numbers will be displayed in the stores each Thursday afternoon and winners will have until store closing time Wednesday of the following week to claim their gifts, at which time new numbers will appear in your Heppner Gazette Times and will be effective for the next week's gifts.

6.—Extra numbered copies of the Gazette Times will be available at the Gazette Times office at no charge. Gifts will be given for 4 weeks so be sure to check your copy of the Gazette Times each week for the numbers and check each store each week to see if you are a winner.

where they all gathered at the Stanley Cox home for family dinner Wednesday. Also present were Mr. and Mrs. Vic Weise and family of Milton-Freewater.

**GOES...**  
where ordinary trucks can't go!

With the extra traction of its 4-wheel drive the rugged all-purpose Jeep Truck "takes off" where other trucks leave off. It carries a payload of more than a ton through mud, sand, snow or soft earth—goes where other trucks can't go. It travels at highway speeds in conventional 2-wheel drive. Equipped with power take-off, it supplies mobile power for many types of machinery used in industry or on the farm. It's time-tested and performance-proved... it's America's lowest priced 4-Wheel-Drive Truck.
