

## Heppner High School SCOOP

by Jan Beamer

Sighs of relief could be heard for miles around Sunday evening, and for the first time in many years most Heppner high students were glad to see Monday come along.

Last week, the tension was mighty high as the March of Dimes contest wore on. All this broke into screams and cheers Saturday night at 11:15 when the king and queen, princes and princesses were crowned and announced. First place winners were the Juniors with grand total of \$158.63, second place, sophomores with \$156.40, third place, freshmen with \$110.19, and coming in just 81 cents behind were the seniors.

Ed Groshens and Janice Beamer crowned the queen and king, Kay Keithley and Ned Clark. This ceremony was followed by more dancing and refreshments. Prizes were won by Leland Lane, Bill Monahan, Connie and Phyllis Quackenbush during the evening.

The grand total brought in by the classes for March of Dimes was \$534.60. Added money was made on the dance and extra money donated by the seniors, which amounted to \$8.03. Subtracting the cost of the dance, it made a grand total of \$542.63 brought in for the March of Dimes from Heppner high school.

No one can realize the many hours and time spent on the raising of this money by all the classes and it is only proper to issue a high thanks to all those participating.

Also wound into the confusion was a clever pep assembly given by the seniors, two basketball games and the Rainbow installation Sunday. Yes, we can all honestly say its been a mighty busy week.

Report cards were issued Thursday afternoon — along with many reactions of the students.

The annual staff is still busily working on our annual, for an over-over-due deadline. Many pictures have still not arrived. No individual orders have been received, except for a part of the senior orders which came before Xmas.

Assignments are really being piled on, to the dismay of the students. Plans of new semester doings are in the process of developing.

Basketball players are being

fed by different classes each week. Week before last the seniors started the job and the juniors were on duty last weekend. Many comments have been made on the Heppner boys, not coming. An improvement is due here for it is our job to invite the visitors as well as ourselves.

## ROCK HOUND'S CORNER

News of the Morrow county Gem and Mineral Society

by John Newman

After two years and several imported speakers we are on the rocks. What better place to start learning about them!

Necessity being the mother in invention our program chairman Mrs Clifford Wagner came up with the very interesting and entertaining way of learning by doing. If you don't think it works, let me give you an example.

You all know George Miller, a farmer from Cecil—not one you would pick to give an enlighten-

ed for Feb 21. Following committees were appointed: planning the dinner, Mrs Nate Macomber, Mrs Rollin Bishop and Mrs Florence Root; program, Mrs Arthur Allen; decorations, Mrs Earl Briggs, Mrs Glen Carpenter and Mrs Zeal Gillespie. The club will take up the study of birds the next three months. Roll call was answered with suggestions for feeding birds through the winter.

The next meeting will be at the home of Mrs Walt Wyss Feb 17, with Mrs Algy Taylor co-hostess.

Mrs Claude Worden was called to Joplin, Mo. last week by the death of her nephew, Paul Hulette.

Mrs Don David was hostess for a miscellaneous shower at her home Friday night in honor of Mrs Andy Jones. She was assisted by her mother, Mrs Algy Taylor. Others on the committee included wives of railroad employes in the Boardman area. Guests were Mrs Ronald Black, Mrs Nathan Thorpe, Mrs Harold Marlow, Mrs Walt Wyss, Mrs Ray Brown, Mrs Earl Briggs, Mrs Claud Coats, Mrs Gunnar Skoubo, Mrs Frank Marlow, Mrs Delmer Hug, Mrs Glen Carpenter, Mrs Ralph Skoubo, Mrs Ray Gronquist, Mrs Clifford Pool, Mrs Walter Haynes, Mrs Dale Eades, Mrs Rollin Bishop, Mrs Darrell Marlow and Mrs Sid Ferguson. Several unable to attend sent gifts. Prizes in games were won by Mrs Claud Coats, Mrs Darrell Marlow and Mrs Gunnar Skoubo.

Mr and Mrs Earl Briggs visited in The Dalles Saturday at the home of Mrs Bessie Nickerson.

Mrs Earl Briggs, Mrs Walt Wyss, Mrs Ray Brown and Mrs Ed Kuhn have formed a canasta club, and plan to play each week on Monday at each other's homes. They played at the Briggs home this week.

Mr and Mrs Newell Vaught are the parents of a daughter born Jan 18 at Richland, Wash. She has been named Kelly Rae. Grandparents are Mr and Mrs Elvin Ely of Boardman, and Mr and Mrs Newell Vaught, Sr of The Dalles. The baby weighed seven pounds, 12 ounces.

ing, interesting, entertaining talk on gems, but he did just that on garnets. He displayed some very good samples, one a ring that would make any woman forget who was boss just to own; also there was a three inch cube of ulexite that had a fascinating ability to televise print so that you did not read through the stone but on top of it; then with some deliberation and more care he slipped from between its cardboard shield a six by six inch slab of chrome-zoisite from Africa. A beautiful transparent green with just enough splashes of red to lend it a fascinating distinction.

To look at Walt Edger you would know he couldn't talk—but he did, and very educationally too, on chrysolite. He displayed some very nice specimens, one a twin that was a bit unusual in its formation. After the talk, George Moller said, "I learned more from your talk than from our imported speaker on the same subject." He did not mean the out of town speaker wasn't good, for he was. He gave us in 30 minutes what he had learned in 20 years and after the first few minutes he had overloaded our receptive capacity which confused most of us; while Walt gave a mentally clear vision of crystals, a few of their formations etc., but not enough to lose one, yet, not enough to stimulate a desire to know more.

Rev Brent Border was a visitor and he said he enjoyed it very much and maybe you would
