"The First Step To Knowledge Is To Know We Are Ignorant"

By Phil Blakney

This is the age of specialists. A wise person is one who realizes it is impossible to know everything. He gets the advice of experts to help when sickness attacks.

First call on your physician to find out what is wrong and what to do about it.

Next, depend on a pharmacist to supply you with the medicines and health-aids you need.

We physicians and pharmacists have studied many years to gain the knowledge necessary to help you most.
