County Agent's News

(Continued from page 2)
 About 90% of the broilers now produced being done so under this new farm enterprise, experts on the subject predict that eggs, pork, and beef will be next on the list in that order. Turkey production is now already integrated. With this new type of farming evident in Morrow county as well as other areas it is well that all of our farmers acquaint themselves with the advantages and disadvantages of the new system.

County Agent's News

Don Robinson of the Kirk and Robinson Hereford Ranch has been quite busy in preparing animals and participating in hereford shows and sales recently,

Several weeks ago we announced in this column that applications were being received from persons who might be interested in participating in one of the series of sheep shearing schools being held throughout the state. Word came this week that the demand was so great for these schools that an additional one is being planned for early April to be held at Hermiston. Those who attended these sheep shearing schools in the past have gained much from them. If you are interested in attending the Hermiston sheep shearing school contact this office at once. Only 16 persons can be accommodated at one school and the quota will be filled on a first come-first serve basis.

Considerable interest is being shown in Morrow county as well as other counties throughout the state in hog production. The interest is brought about through the rapidly increasing surpluses of feed grains and the fact that 70% of the pork consumed in Oregon is shipped in from the midwest. Unlike other livestock prices the Portland hog market is above other major hog markets in the United States. While a number of Morrow county farmers are still in the talking stage, one operation got underway last week with the purchase of 42 bred gilts. These gilts were purchased by Wilkinson and Rugg who intend to build up their breeding herd as fast as possible and still maintain top breeding stock. The gilts purchased from Federated Livestock company were selected from litters of ten or more and with a high rate of gain. Those who have been attempting to get in the hog business found that breeding stock is almost impossible to obtain.

Callhood vaccination for Brucellosis increased considerably in 1957 in Morrow county. This recommended practice has increased slowly here until this past year. In 1956, 665 were vaccinated compared to 2724 during 1957. Livestock growers are vaccinating all of their heifers rather than just those being kept for replacements finding that buyers are

Church Youth Group Attends Salem Meet

Seven members of the local Methodist Youth Fellowship attended the state M Y F conclave on the Willamette University campus in Salem, Saturday, March 8.

They returned Sunday afternoon having been guests in the homes of the young people of St John's Methodist church in Portland Saturday night.

Those attending were Connie Anderson, Wilma Bothwell, Celia Boulden, Renn Harris, Sharon Case, Shirley Nash, from Heppner and Jean Martin of Ione.

Accompanying them were Mrs Lloyd Burkenbine and Mrs Lester Boulden.

4-H Club News

THE SPOON LICKERS
 The Spoon Lickers cooking club met at the home of Darline Anderson February 25.

The meeting was called to order by president, Jean Stockard. Roll call was answered by naming a utensil used for making cocoa. Then Jean Stockard gave a demonstration on sandwiches. Refreshments were sandwiches.

We then discussed what to put in a window for 4-H club week. Our window is Red and White store.

Meeting was adjourned.
 Douglas Anderson, reporter

Mr and Mrs Clayton Beaver and Mr and Mrs Ed Green all of Portland were guests Thursday night at the home of Mr and Mrs P W Mahoney.
