"Two Is Company, Three Is a Crowd"

By Phil Blakney
 For thousands of years the two ancient professions of medicine and pharmacy have unitedly served the health of everyone. In order that they may do this properly all physicians and pharmacists spend years studying at a college and must pass a state examination to prove their knowledge.

Recently, untrained persons, grasping an opportunity to make some quick money are selling vitamins and other medicines from door-to-door. They even presume to tell people how to take them. Your health is not to be trifled with. Be wise. You are safe when you depend on your physician and pharmacist.
