## Why people who love CONVERTIBLES buy FORD

Only Ford lets you choose from a steel-top convertible or a fabric-top beauty. Who else but Ford . . . world's largest convertible maker . . . could offer you two different kinds of convertibles. There's the fabric-top Ford Sunliner and the steel-top Ford Skyliner. They're both styled and powered in the Thunderbird tradition.

Nowhere else can you find so much convertible for so little money. Take the Ford Sunliner for example. A comparison of manufacturers' suggested retail delivered

prices shows it's America's lowest-priced convertible. As for the Skyliner, it's the world's only 2-in-1 fine car . . . a snug steel-top and a breezy convertible. Just touch a button. The all-steel top vanishes into the rear deck . . . and you're sitting pretty in the smartest convertible ever.

So if you're the sun-worshipping type, better see your Ford Dealer and get all the reasons why Ford outsells its nearest competitor in convertibles by a whopping 2-to-1 margin!
