You and each of you are further notified to appear within thirty days from the date of the first publication of this summons and defend this suit or pay the amount provided by law for the redemption of said properties, and if you so appear you are further notified to serve a copy of your appearance, objections or answer on the undersigned at his post office address as here-

inbelow stated. If you fail so to do, judgment and decree will be entered in the above entitled Court foreclosing the liens of said taxes as shown by the said tax foreclosure list, together with interest and all costs as shall appear to be due upon each of such properties. Said judgment and decree will order that the clerk of this court shall deliver a certified

copy of said judgement and decree to the Tax Collector of Morrow County, Oregon, and that said judgement and decree shall be considered to all intents and purposes a certificate of sale to the County of each of the properties therein described. And you are further notified that plaintiff will apply to the Court for such other relief as may be just and equitable in

the premises.

We must look at the space age through eyes like these

One day they'll come to focus on a career—in science...law...philosophy...medicine...engineering...the arts.

To prepare our youth in these challenging times, help is needed as never before say educators. Many companies are responding with financial and other aid.

Standard long ago recognized its obligation as a good citizen to help support our education system and for 20 years has encouraged and assisted young minds to explore the wide field of learning.

We have helped hundreds of students attend college, 241 this year alone. Included in our program are scholarships, graduate fellowships in engineering, science and business plus financial aid to university departments concerned... broad projects in basic research... outright money gifts to schools.

Besides these, a program of "learn by doing" kits, motion pictures, film strips, booklets have been used and acclaimed by teachers. To millions of children, the Standard School Broadcast has long meant an opportunity to hear and enjoy good music. All of these projects are continuing.

Worthwhile? We think so, because one of the most productive investments is in human beings—those who in time to come will take over responsibilities in industry and in our nation.
