Money for many different things," Mrs. Anderson says. "Savings Bonds, as a direct investment in our country, make each of us a partner in the job of strengthening America's Peace Power. Every American can help keep the peace by regularly buying and holding United States Savings Bonds. Are you buying all you might?"

### BY MURRAY WADE GOP SHEDS HAIR SHIRT

A two-day strategy meeting of Republican party workers from over the state met Friday at the Marion Hotel, Salem, at the call of State Chairman James F Short.

Early reports and discussions revealed the big problem of the current campaign was financing.

Otto J Wilson, Salem, state Republican said, "The Republican party has been carped at and depreciated by the opposition as the moneyed party. The facts are that the price tag of a Republican victory in November is that the average fellow in the party and the voting members of his family must give time and money, and develop a crusading spirit for victory to elect our splendid candidates."

### WORLD EDUCATIONAL IDEA

Dr Homer H Hawes gave a new look at an old idea when delivering a public lecture on International affairs at Willamette University Tuesday night.

"The problems of a divided world, with competing ideas leaves no other alternative than a world education whose task is to develop a single world culture with its own philosophy and background of ideas and with its own broad purpose," he said.

"Education should take the leadership in developing a single world culture uniting all nations with as much loyalty of common ideals as is now found in individual nations. UNESCO is the best present embodiment of this aim. This unit would allow each nation to develop its individual differences," Dr Hawes pointed out, "much as the US demonstrates great diversity in unity."

### WOULD FIX RIVER SCENERY

Will this bring out the "spare that tree forces"? What will become of the beautiful willows along our fine rivers, behind which cagey fishermen hide?

The Portland District Corps of Engineers is asking bids on spraying to halt woody growth along the Willamette, Mollalla and McKenzie rivers, it was announced Tuesday.

Bids are to be opened this week in Portland, with work to be completed in 30 days. Superintendent of state parks, C H Armstrong has not been consulted about the operation, evidently, as he knew nothing of it when interviewed.

The State Supreme Court ruled this week that the state doesn't need to allege in an indictment that a firearm is loaded unless the defense proves it isn't. The court upheld a conviction in Douglas County of Thomas Edward Noblin on a charge of assault with a deadly weapon.

The accused allegedly aimed a 22 rifle at a Riddle police officer to force the officer to release a prisoner. In the indictment, the state didn't say the rifle was loaded, so Noblin's appeal was based on the contention that the indictment was defective. During the trial it was never proved that the rifle was unloaded, so the jury properly assumed it was loaded.

The decision, upholding the circuit court, was written by the newly appointed Justice Gordon Sloan.

### "WESTERN MOUNTED GAMES"

Another first for the 1958 Oregon State Fair. The best of Oregon's 70,000 horses will compete at a Western Mounted Games Show, a new feature of the greater Oregon State Fair, opening at Salem August 28. The show is scheduled for Saturday, September 6, at the Fairgrounds Stadium at 1 pm. Entry of at least 200 horses and riders from all parts of the state has already been assured.

Oregon individual horse owners will have their first chance to show off their highly trained mounts in a series of intricate and spectacular events. It will be sponsored by the Oregon Horsemen's Assn, with the Oregon Assn. of Mounted Poses and the Oregon Saddle Club Game Rules Assn. cooperating in production. Contestants do not have to be a member of any club or association to enter any of the events including those for 15 years and under.

Entry blanks can be secured from Oregon State Fair, Salem; Lee Pruitt, Grants Pass, or Lynn Douglass, Hood River.

### NEW LAWS PROPOSED

Requests for 160 bills for the 1959 Legislature have been re-

ceived by Sam Healy, Legislative council who writes most of the bills for the Legislature.

Healy said many of the requests have to do with amendments to existing laws while others deal with new legislation. As fast as the bills are completed they are sent to their authors. Most requests were filed by legislators.

### NOMINATING A JUSTICE

An assembly of electors, as

provided by Oregon law, will meet to nominate Justice Kenneth J O'Connell to succeed himself.

The assembly type of nominating a candidate requires 250 registered voters, and in this case they may be of either political party as the candidates names for justice of the supreme court appear on the nonpartisan ballot.
