"If Thou Art Wise Thou Knowest Thine Own Ignorance"

By Phil Blakney

Your body is more complex than any machine man has ever devised.

Yet, it is amazing that there are still some people who follow the advice of untrained people who presume to tell them what to do or take.

Always remember—only a physician has the knowledge to find out what is wrong with your body and to prescribe the right medicine.

And—when you need any medicine, get it only from a pharmacist, because we know how to protect potency, answer questions about safe dosage and are licensed by the state for your safety.

YOUR PHYSICIAN CAN PHONE 6-9962 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us, or let us deliver promptly without extra charge. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?
