"There Is Always A Best Way Of Doing Everything"

By Phil Blokney

When pharmacists compound your prescriptions, you place your health, even your very life in our professional care.

First we carefully read the prescription and then select the exact ingredients specified by the physician. All drugs must be potent, fresh and of the purest possible grade. Next, after checking the dosage and ingredients again for accuracy, we compound them, record the prescription by number and date, and place in a container labeled with directions for use. We must always do our best. To do less is unthinkable.

YOUR PHYSICIAN CAN PHONE 6-9962 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us. or let us deliver promptly without extra charge. A great many people entrust us with the responsibility of filling their prescriptions. May we compound yours?

Ladies! Why ask for backache?

Look . . .

- You have a washer that takes the hard work out of washing!
- You have a range that takes the fatigue out of cooking!
- You have a vacuum that takes the muscle out of cleaning!

But what good do they do if you break your back every ironing day?

Ironrite Model 850

It takes you by hand. That appliance is the Ironrite Automatic Ironer. It's simple to operate and amazingly inexpensive. It will iron anything you can wash, and it will end, once and for all, the achy, worn-out, tired-all-over feeling of old-fashioned ironing days.

We want you to try ironing the simple way . . . on an Ironrite. We want you to come in, sit down at one of our floor models, and see for yourself how simple, how relaxing this revolutionary way of ironing really is.

FREEZE FOOD AND SAVE!

Let Low-Cost PP&L Electricity Help You Live Better For Less!

An electric food freezer means garden-fresh foods all year long for you and your family. Save money on your food budget—buy fruit and vegetables in season and freeze for use throughout the year. And a home freezer costs so little to operate with dependable low-cost PP&L electricity.

My living costs have gone up, too. But since you are working me so many more hours per month you are getting the advantage of my quantity rates. That's why today's average price per kilowatt-hour for PP&L residential electric service is 16.6% lower than in 1949.
